1. Introduction

The purpose of this document is to guide you as a provider through the process of entering your profile information into the CAQH Provider Data Portal to meet a variety of data needs of health plans, hospitals and other healthcare organizations. It also defines the steps to authorize, attest and maintain your data profile through the re-attestation process.

1.1. CAQH Provider Data Portal Overview

The CAQH Provider Data Portal is the healthcare industry's premier resource for providers to self-report professional and practice information to payers, hospitals, large provider groups and health systems. The CAQH Provider Data Portal eliminates duplicative paperwork for these organizations that may require provider profile information for claims administration, credentialing, directory services, and more.

Through an intuitive, profile-based design, you can easily enter and maintain your information for submission to your selected organizations. The CAQH Provider Data Portal can be accessed at <https://proview.caqh.org/pr> and is free to use.

The following steps provide you with a high-level overview of the process to complete your data profile.

1. Register with the system.
2. Complete all application questions.
3. Review your data profile for accuracy.
4. Authorize participating organizations access to your data profile.
5. Attest to your data profile.
6. Upload your supporting documentation.

This document will provide additional information and helpful tips for each of these steps.

1.2. Getting Started

Completing the initial CAQH Provider Data Portal profile may take up to two hours; however, preparing yourself for the information requested will reduce the time required to complete your profile. Additional time may be required depending upon several factors, including the number of practice locations, amount of postgraduate training and work history, and overall familiarity with online tools and systems.

The CAQH Provider Data Portal is fully supported on the current version of Chrome web browser. The application is compatible with Internet Explorer, Safari, Edge, and Firefox though may not be fully supported.

If your practice has an office manager or clinic administrator who assists with gathering information for credentialing or other administrative purposes for multiple providers, the CAQH Provider Data Portal for Practice Managers may facilitate your data entry process. Data that is the same for multiple providers (e.g., clinic name, address, and phone number) can be entered once by a practice manager, rather than having to be entered repeatedly for each individual provider. Please refer to Chapter 7: Importing Data from the Practice Manager Module for more information regarding this functionality. Your administrator may also wish to explore the CAQH Provider Data Portal for Provider Groups; learn more here: <https://www.caqh.org/solutions/provider-data/credentialing-suite/register-for-groups>.

2. Registration

Registration is required for all providers to obtain access to the CAQH Provider Data Portal.

2.1. New Users

If you received an introductory email from the CAQH Provider Data Portal, select the link contained in the email to begin the registration process using the CAQH ID provided. Refer to “Creating a CAQH Provider Data Portal Account” on page 9 of this guide for the next steps in the process.

2.2. Existing Providers

For providers who were previously registered, go to the CAQH Provider Data Portal at <https://proview.caqh.org/pr>. You can initially sign-in by entering your username and password and clicking “Sign in”. You may be prompted to update your username and password at this time. Refer to “Creating a CAQH Provider Data Portal Username and Password” on page 9 of this guide for the next steps in the process.

The screenshot displays the CAQH Provider Data Portal sign-in interface. At the top left, the CAQH logo and 'PROVIDER DATA PORTAL' are visible. A navigation bar includes 'Provider', 'Provider Groups', 'Practice Managers', and 'Participating Organizations'. A 'Help' button is located in the top right. The main content area is split into two columns. The left column, titled 'Provider Data Portal', includes a sub-header 'Formerly CAQH ProView', a welcome message, a paragraph about reducing inquiries, and a sign-in prompt. Below this is a 'TO LEARN MORE' section with links to a user guide, a video about forgotten credentials, a SSN/DOB guide, a dentist's guide, and another video. The right column, titled 'Sign In', features a 'Check for CAQH ID' button, input fields for 'Username' and 'Password', a 'Remember me' checkbox, and a 'Sign In' button. Below the sign-in section is a 'First Time Here?' section with three numbered steps: 1. Dentists: Sign in using the American Dental Association's portal; 2. If you received a welcome email, use the link in your email to begin the sign in process; 3. If you are a first-time user, register here. The footer contains copyright information, maintenance windows, and links for 'Terms of Service', 'Privacy', and 'CAQH.org'.

CAQH has come up with a standard maintenance and deployment window for the CAQH Provider Data Portal. It will be static and will remain on the login page at all times.

2.3. Self-Registration

If you have not received a Welcome Letter, you may begin the self-registration process by accessing the CAQH Provider Data Portal at <https://proview.caqh.org/pr> and clicking on “Register”. The “Getting Started” page will display and will provide you with additional tips on how to get started. Click on “Go to Next Section” to continue with the registration process.

GETTING STARTED

The CAQH Provider Data Portal is the healthcare industry’s premier resource for reporting professional and practice information to health plans and other healthcare organizations. Through an intuitive, profile-based design, you can easily enter and maintain your information for submission to organizations you authorize. The system eliminates redundant processes to collect information for credentialing, primary source verification, compliance, directory management and more.

The CAQH Credentialing Suite expedites data collection with an intuitive design and helpful features like these:

- Drop-down selections for select fields and sections (ex. medical schools, hospitals)
- Required and suggested fixes to ensure a complete profile prior to attestation
- Field formatting and data validation to avoid errors
- 24x7 access to the Provider Data Portal, online chat and a customer support team available during business hours
- Extensive help and FAQ content to provide guidance on how to complete the profile sections

Completing the initial CAQH Credentialing profile may take up to two hours. However, once a profile is complete ongoing management is easily performed through a streamlined reattestation process. Follow the suggestions below to reduce the time required to complete the profile. Additional time may be required depending upon several factors, including the number of practice locations, amount of post-graduate training and work history.

BEFORE YOU BEGIN

The following suggestions may help you complete the initial CAQH credentialing profile faster:

- Familiarize yourself with the [type of information](#) that the profile will require.
- Familiarize yourself with the [required steps](#) to complete your profile.
- Have the [proper materials](#) available for reference when you start.
- If your practice has administrative staff that manages information for multiple providers, data entry will be easier.
- Please note: Data that is the same for multiple providers (e.g., clinic name, address and phone number) can be entered once, rather than entering repeatedly for each individual provider.

If you already have a CAQH Provider ID, please click [here](#). Otherwise, please click the Next button below to register.

If you are a dentist, please first sign-in or register via www.ada.org and follow instructions to submit a credentialing application via CAQH Provider Data from ADA’s web site.

Thank you for your participation.

Cancel

To establish a CAQH Provider Data Portal account, you will be required to enter your NUCC Grouping, Provider Type, name, address, primary practice state, birthdate, email address, and the following personal identification numbers: Social Security Number, NPI Number, DEA Number, License State, and License Number. If you do not have an NPI, a DEA or a License, you may click their corresponding checkboxes indicating you don’t have them and click Continue. You will then receive an email with your CAQH Provider ID and a link to complete your provider registration.

Create a CAQH Account

If you have a CAQH provider ID, [click here](#).

If you are a dentist, click here to sign-in or register via www.ada.org.

Please fill in the fields below to continue registration or to confirm your CAQH provider ID.

Please complete all of the following fields:

The National Uniform Claim Committee (NUCC) maintains the industry-recognized Health Care Taxonomy code. CAQH is unable to determine your NUCC Grouping; if you cannot identify your NUCC Grouping, please use the On-line Lookup tool on the [NUCC Website](#) to find your specialty and the corresponding Grouping.

* NUCC Grouping

(Please Select)

* License Number

I do not have a professional license.

2.4. Creating a CAQH Provider Data Portal Account

New CAQH Provider Data Portal users who either self-register with the system or who are added to the system by an organization, will receive an email from CAQH Provider Data Portal containing a CAQH Provider ID and a link to create a CAQH Provider Data Portal account.

Upon selecting the link from the e-mail, you received, you will be directed to the page shown below. Enter your CAQH Provider ID and select "Continue".

Create a CAQH Account

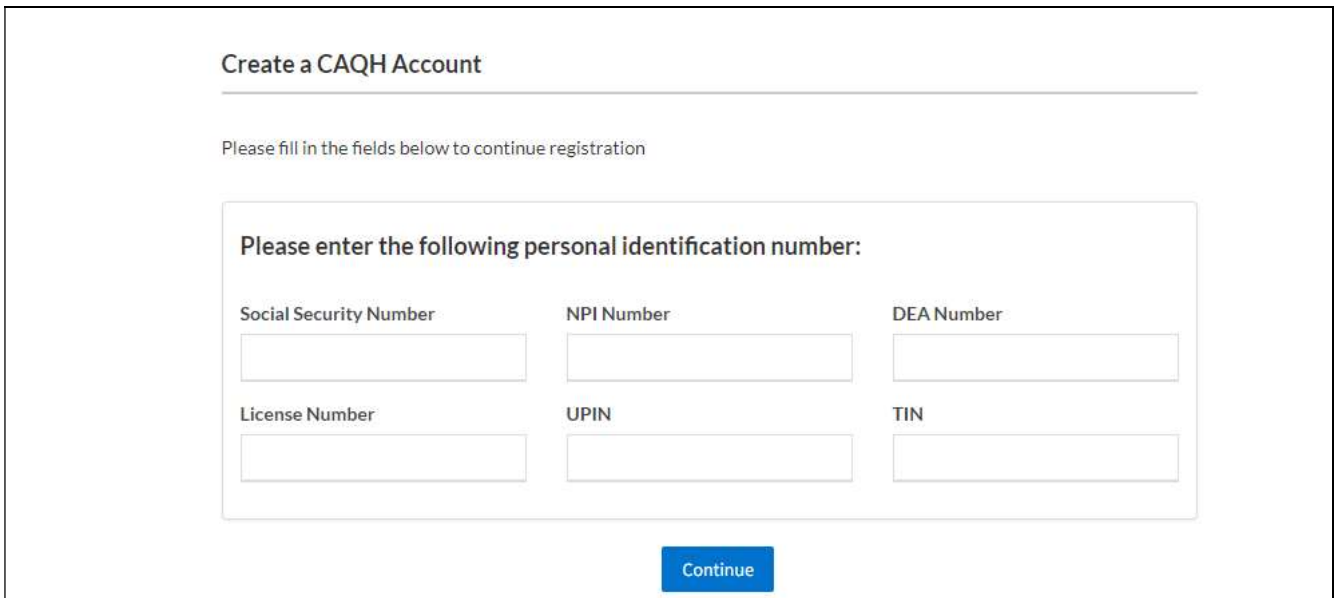

Please fill in the fields below to continue registration

Please enter your CAQH Provider ID

CAQH Provider ID

[Continue](#)

On the next screen, enter your personal identification number(s) to proceed with creating your Provider Data Portal account. Select "Continue" to proceed.

Create a CAQH Account

Please fill in the fields below to continue registration

Please enter the following personal identification number:

Social Security Number	NPI Number	DEA Number
<input type="text"/>	<input type="text"/>	<input type="text"/>
License Number	UPIN	TIN
<input type="text"/>	<input type="text"/>	<input type="text"/>

[Continue](#)

2.5. Creating a CAQH Provider Data Portal Username and Password

Usernames in the CAQH Provider Data Portal must consist of 8 characters and can be any combination of numbers and/or letters. Special characters like # or @ are not allowed.

Establish Your CAQH Account

To set up your CAQH account, please enter a username, password, and answer the security questions below.

Please enter a username
Your username must be at least 8 characters. It can be made up of numbers and/or letters, but it cannot include special characters like @ or #.

* Username

Please enter a password
Your password must be at least 8 characters and cannot be the same as your username. If your old password meets these requirements, you may enter it here.

* Password

* Re-enter Password

CAQH users will also be asked security questions to facilitate account access in case of a forgotten username and/or password. Select three security questions and provide unique answers for each. By checking “I Agree” at the bottom of the page, you adhere to the terms and conditions, which can be accessed by selecting the “See Terms and Conditions” hyperlink. Then select “Create Account”.

If you have trouble completing this section, please try clearing your browser cache or checking that your browser is on the latest version.

* Security Answer 3
[Text Input]

I have read and agree to the [Terms of Service](#) and the [Privacy Policy](#), which describes how my personal data will be processed.

Create Account

Click "Create Account" and you will receive confirmation that your CAQH Provider Data Portal registration was successful.

The screenshot shows the CAQH Provider Data Portal interface. At the top left is the CAQH logo and the text "PROVIDER DATA PORTAL". On the top right are a notification bell icon and a help icon. Below this is a dark blue navigation bar with the following menu items: Home, Account, Providers, Groups, Files & Reports, Directory, and PSV. The main content area is a light gray box with the following text: "Congratulations! Your registration was successful. Please click OK to login to the CAQH Provider Data Portal." There is a small "FAQ" icon in the top right corner of this box. At the bottom of the page is a dark blue footer. On the left side of the footer, it says: "© 2023 CAQH. All rights reserved. Weekly Maintenance Window: Sundays, 12:00 AM - 8:00 AM ET Monthly Deployment Window: Mondays, 12:00 AM - 8:00 AM ET (Deployment on Tuesday for Federal Holidays)". On the right side of the footer, there are links for "Get Trained", "Terms of Service", "Resources", "Privacy", "Contact Us", and "CAQH.org".

2.6. Retrieve Username

1. If you have forgotten your username, go to the CAQH Provider Data Portal login page and click Forgot Username.

The policy number must be entered exactly as it is shown on your policy face sheet. This may include alphabetical and special characters, as well as leading zeros. Once any three questions were answered, the Continue button will turn red and you will now be able to click it. Click Continue.

The screenshot shows the 'Quick security check' section of the CAQH Provider Data Portal. At the top left is the CAQH logo and 'PROVIDER DATA PORTAL'. At the top right is a 'Help' button. Below the header, the section is titled 'Quick security check' with the instruction: 'We just need a few more things to verify your account. Answer any three questions.' There are four questions, each with a 'Q' icon in a circle:

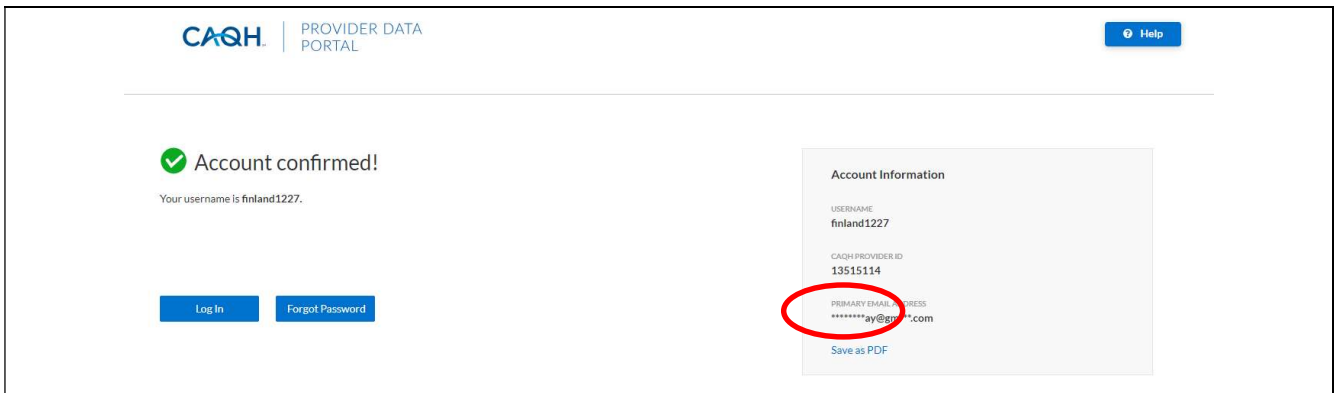

- Question 1: 'Enter the last four digits of your Social Security Number.' with a text input field containing four asterisks.
- Question 2: 'Select your Certifying Board.' with two radio buttons: 'I have Board Certification' (selected) and 'I do not have Board Certification'.
- Question 3: 'Enter your Professional Liability Insurance Policy Expiration Date.' with a date picker (selected) and a radio button 'I do not have PLI or this is not applicable'.
- Question 4: 'Enter your Professional Liability Insurance Policy Number.' with a text input field containing 'Ex. 1234-55-67, 00-3456-7890' and a radio button 'I do not have PLI or this is not applicable'.

A blue 'Continue' button is located at the bottom left of the form.

If the details that you have entered during the verification process do not match the details on the profile, you will be prompted with a message that says “Sorry, we could not verify your account based on the information provided. Please try again!”

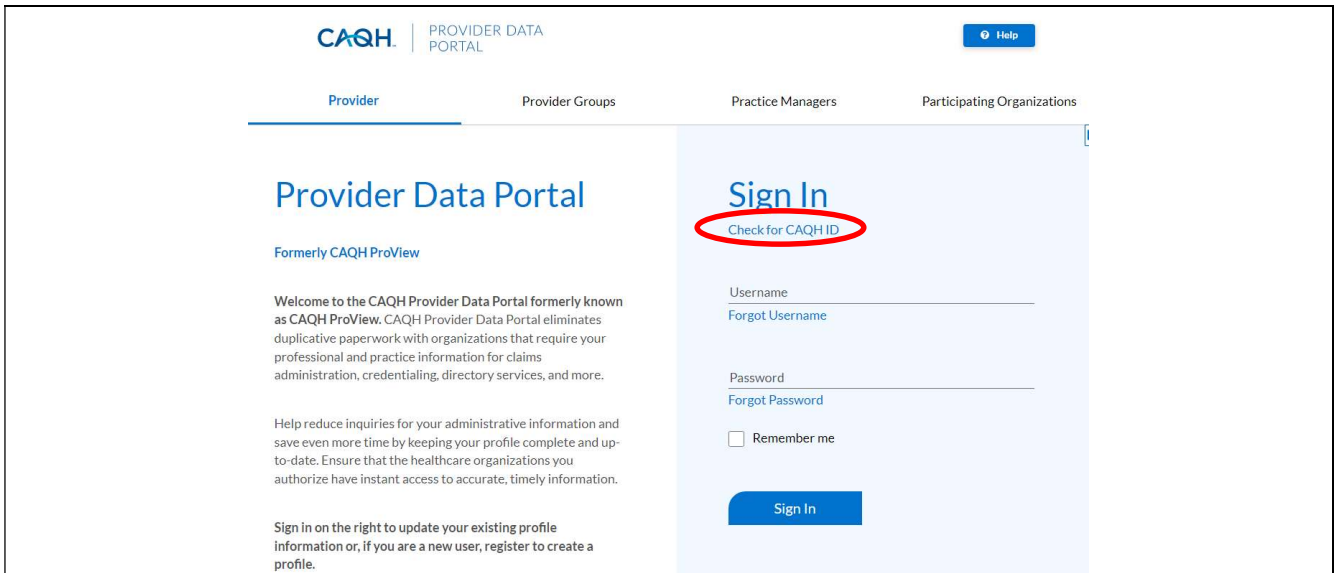

The screenshot shows the same 'Quick security check' section as above, but with a red error message box at the top: 'Sorry, we could not verify your account based on the information provided. Please try again!'. The form fields are now empty, and the radio buttons are unselected. The 'Continue' button is no longer visible.

If you have passed the verification process, your CAQH Provider ID number will be displayed on the screen. You can now proceed with retrieving your username.

2.10. Check for a CAQH ID

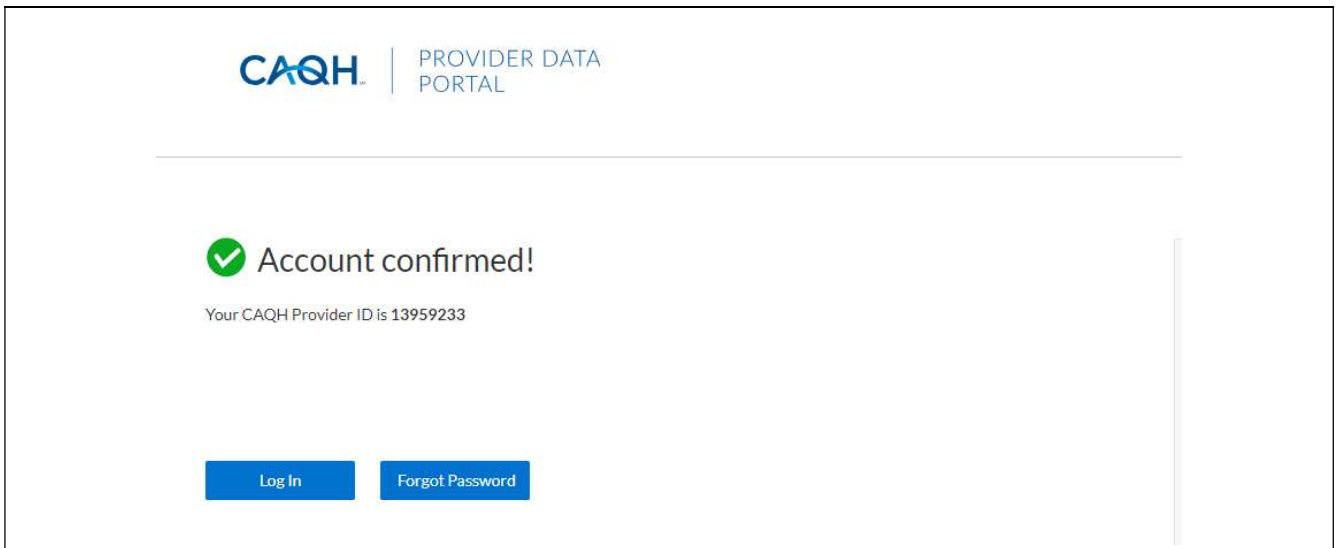

This new feature allows providers to self-lookup a CAQH Provider ID directly in the Provider Portal.

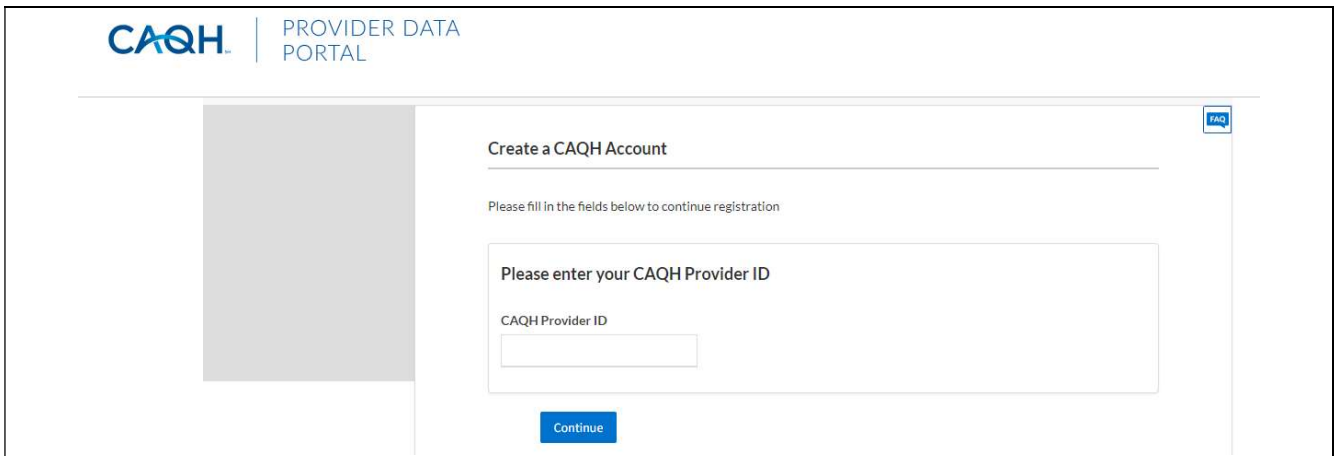

When using this functionality, you will be redirected to the enhanced Provider Self Registration page where you will enter your personal information to receive your CAQH account information if one already exists.

If the updated Provider Matching Logic confirms a profile match, the retrieved CAQH ID will be displayed and will allow you to take the appropriate next steps.

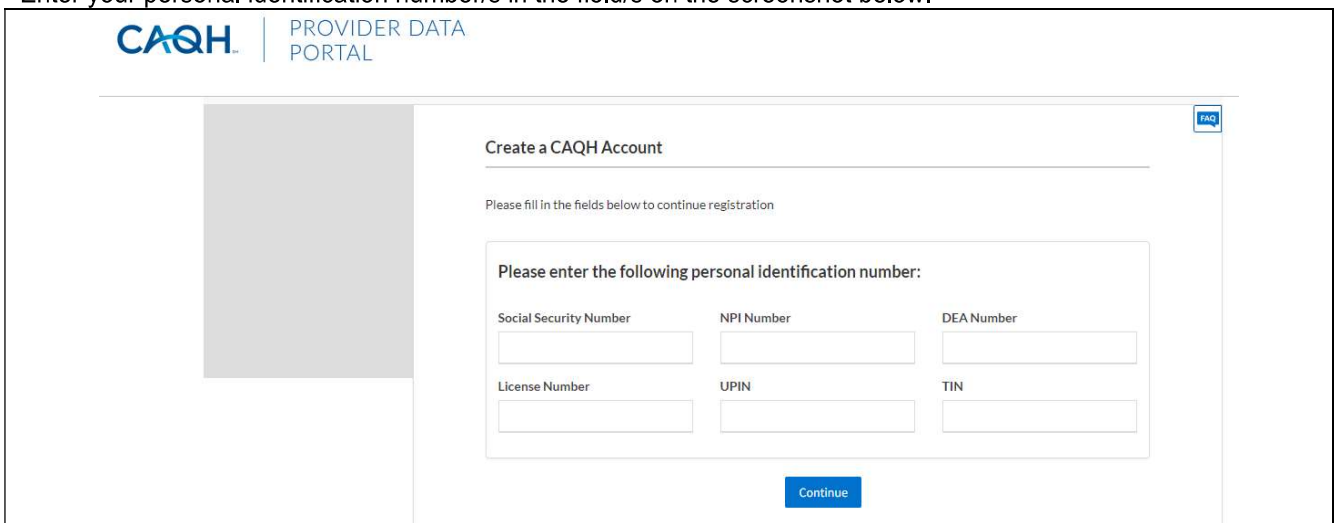

If the existing account has username and password already set up, the screen will show the following: Username, CAQH ID Number, and primary e-mail address.

If the existing account doesn't have a username and a password set up yet, the user will be directed to this page showing the CAQH ID number and a Continue button that will let you set up your username and password and security questions and answers.

Enter your personal identification number/s in the field/s on the screenshot below.

Click Continue to proceed to the page where you can set up your username and password and security questions and answers.

Establish Your CAQH Account

To set up your CAQH account, please enter a username, password, and answer the security questions below.

Please enter a username

Your username must be at least 8 characters. It can be made up of numbers and/or letters, but it cannot include special characters like @ or #.

* Username

Please enter a password

Your password must be at least 8 characters and cannot be the same as your username. If your old password meets these requirements, you may enter it here.

* Password

* Re-enter Password

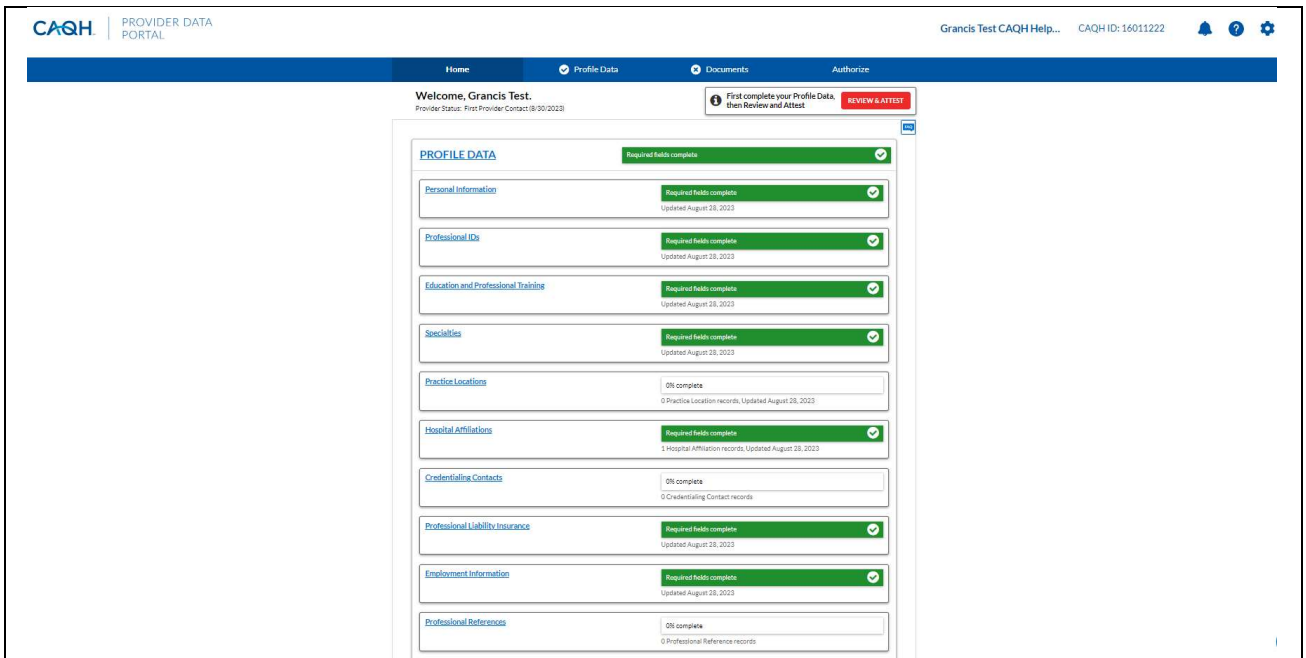

3. Home Page

You will see the CAQH Provider Data Portal Home page after a successful login.

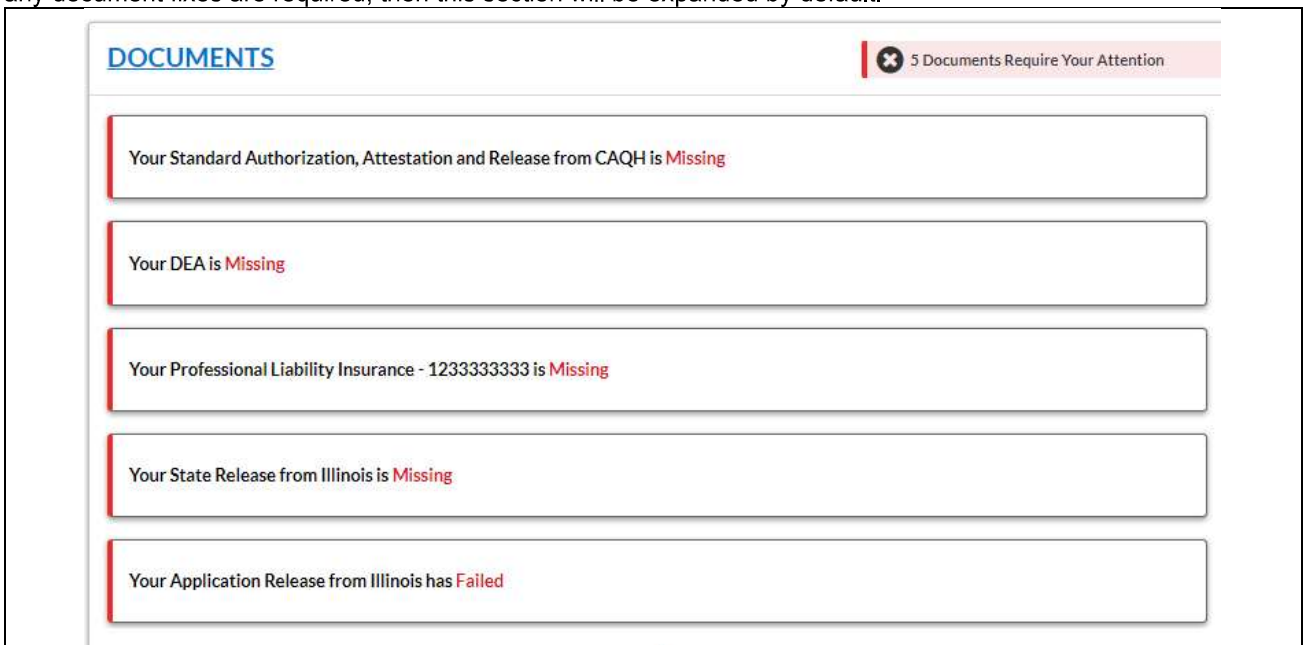

The homepage will display a new design to show how much of your profile remains required to complete.

The completeness percentage, number of required questions remaining, and the last updated date will be displayed next to each page within the Profile Data section. The overall completeness rate will display at the top of the sections as well.

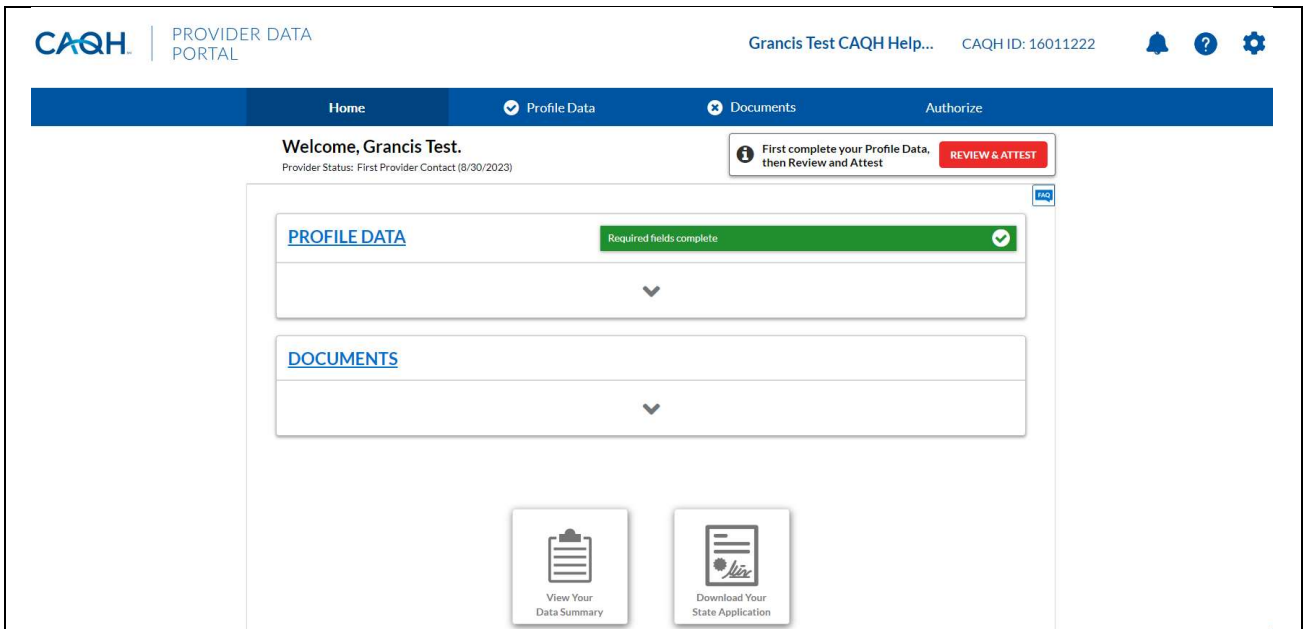

If all required fields for a page are complete, the provider will see a green progress bar and check mark. If required fields are missing data or a validation error exists on a page, the provider will see a blank progress bar, or a yellow bar if some information has been submitted. The Profile Data section will be expanded by default if there are required fixes remaining.

The updated homepage will also provide the user with information around any documents that need attention. If a document is missing, expired, or otherwise has errors, it will be displayed in the Documents section. If any document fixes are required, then this section will be expanded by default.

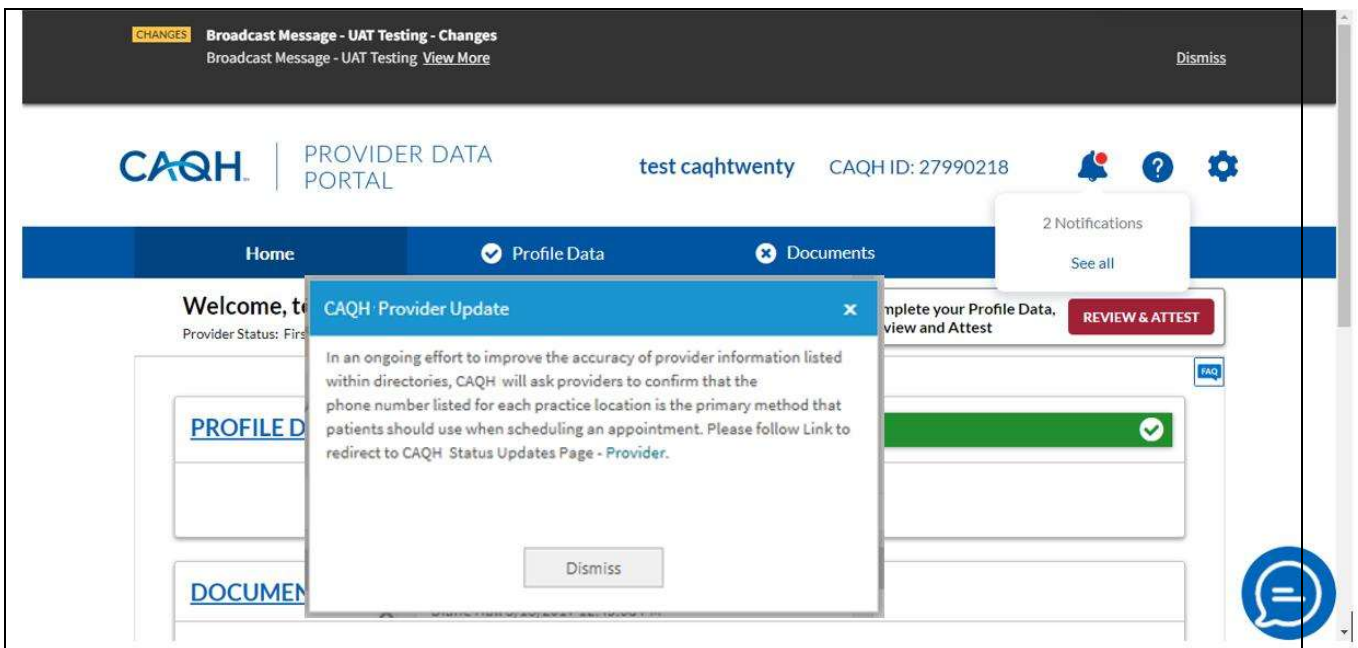

If the Profile Data or Documents section do not have any outstanding required fixes, then they will be collapsed by default. The provider can also manually collapse or expand the sections, as shown in the screenshot. Below the collapsible sections, links to Directory Data, Data Summary, and State Application will also be displayed.

A Broadcast Message feature has been added to the CAQH Provider Data Portal Provider, Practice Manager, and Participating Organization portal. Broadcast Messaging will allow CAQH to communicate upcoming system updates and/or to report system-wide issues to all users.

Whenever there is a published broadcast message, a pop-up message will appear on your screen when you log in to your CAQH Provider Data Portal account.

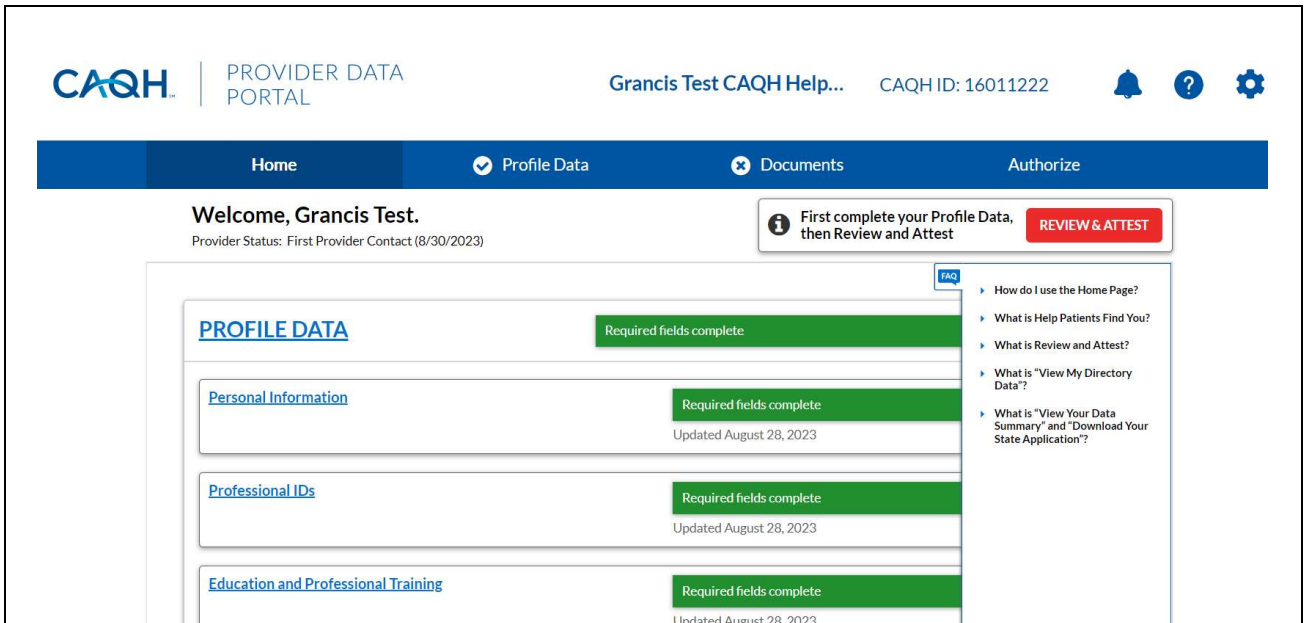

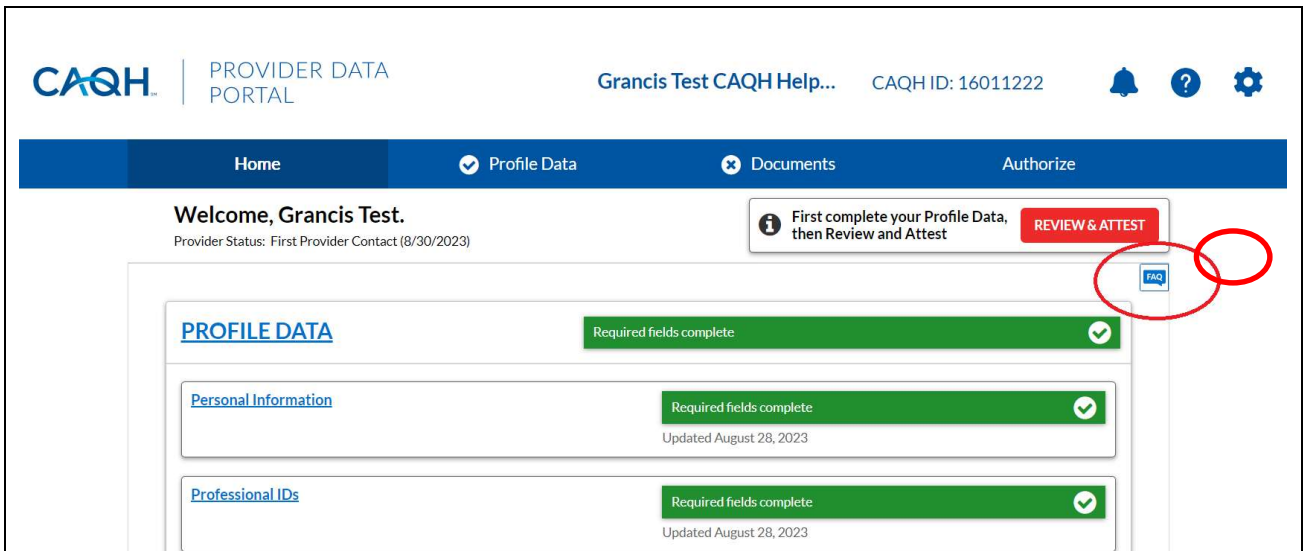

If you click the 'X' located at the top, the pop-up message will close but will re-appear upon your next log-in.

If you click the Dismiss button, the pop-up message will close and will NOT appear with future log-ins. If you clicked the Dismiss button and would like to view the broadcast message again, click on the CAQH Provider Data Portal Provider Update link found above your name.

Tip:

- If you need assistance on the Home Page, you can access the “FAQ” link that is displayed in the top right-hand

corner on the Home Page.

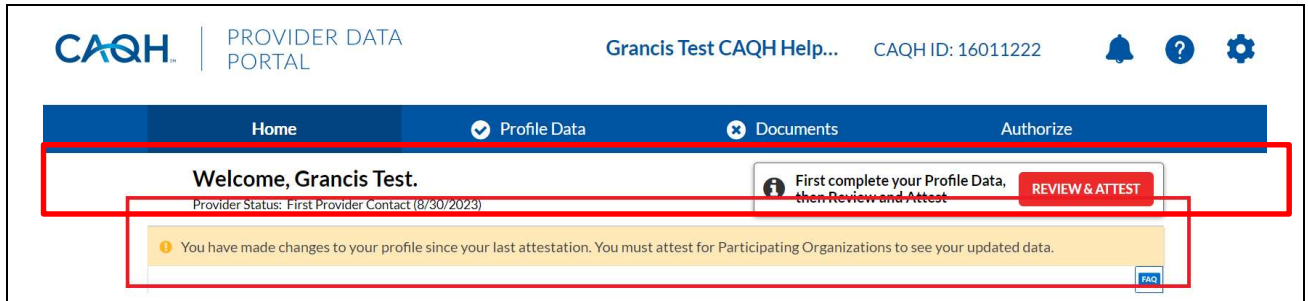

In addition, to these components, across the top of the home page is a navigation menu, which allows you to navigate to four sections to complete your profile information:

- Profile Data – Click this tab to enter your profile information (See Chapter 4)
- Documents – Click this tab to review your supporting documents (See Chapter 6)
- Authorize – Click this tab to view the list of the organizations that have requested authorization to view your CAQH Provider Data Portal self-reported information

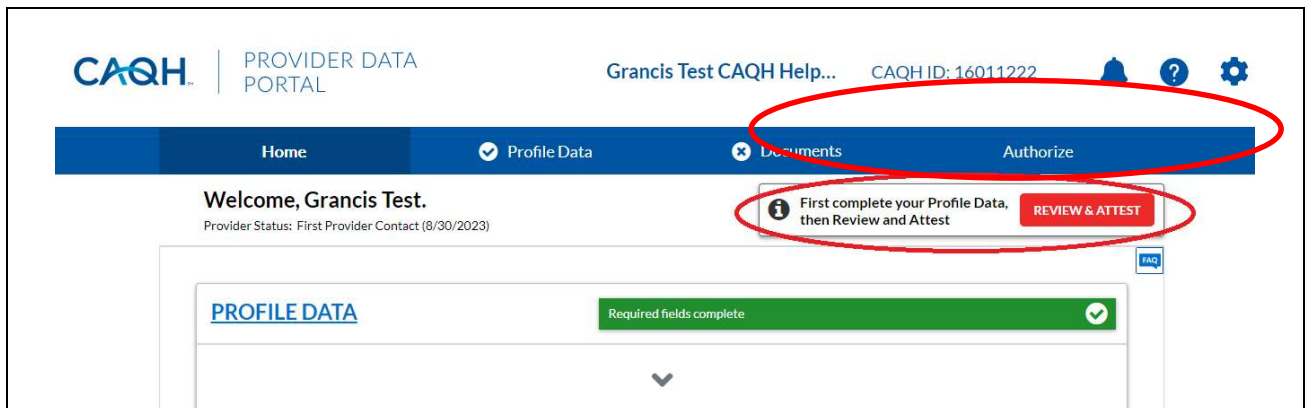

3.1. Attest Reminder Bar

- After you update any information in your profile, you must complete attestation so that your authorized organizations can view your updated profile.
- A reminder message will appear across the top of the page on every page only after you have changed one or more piece of data and have not attested to that change.
- This message will disappear only after you have attested but would re-appear if you changed more data and did not re-attest.
- This message will also appear if CAQH has updated a relevant domain table value.

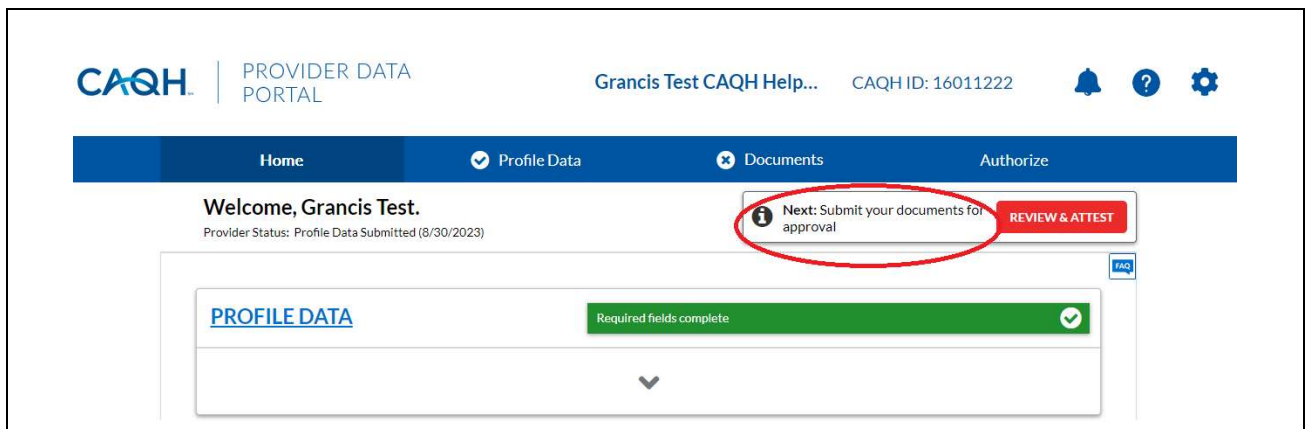

3.2. Attest Button

- The 'Attest' navigational element can be found right below the Authorize tab.
- If you are logging in for the first time, you will see a message "First complete your Profile Data, then Review and Attest". This part of the header will guide providers to profile completion.

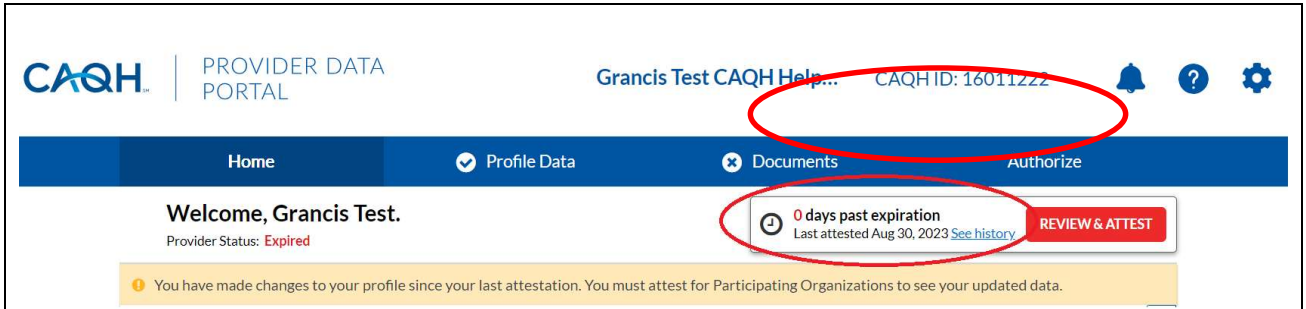

The message will change to "Next: Submit your documents for approval" as soon as you have completed your initial attestation and the status is changed to Profile Data Submitted.

Once all the required documents are approved and the status changes to Initial Profile Complete, the messaging will change to: “<number of days> until your next attestation Last attested <date> See history”. The same messaging shows if the status of the account is Reattestation.

When the status changes to Expired Attestation, the messaging also changes to “<number of days> past attestation Last attested <date> See history”

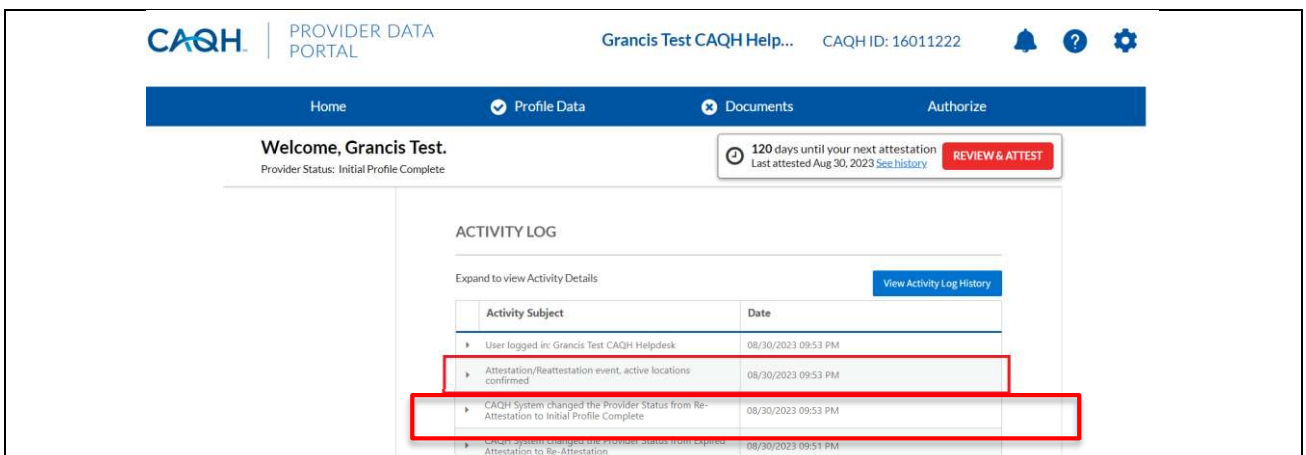

3.3. Activity Log

From the Home Page, you can access the “Activity Log” from the top right navigation drop-down menu.

The Activity Log lists all recent activity that has occurred in your account, including recent log-ins, re-attestations, and data updates.

Note:

- All changes on the profile will ONLY appear on the Activity Log after you have completed the re-attestation.
- Any changes done after the re-attestation will not be reflected on the Activity Log unless you complete the re-attestation again after making the additional changes.
- If after the re-attestation these changes are still not reflected on the Activity Log, sign out from the CAQH

Provider Data Portal and log in again and go to Activity Log. The details of the changes should appear on this page of your profile.

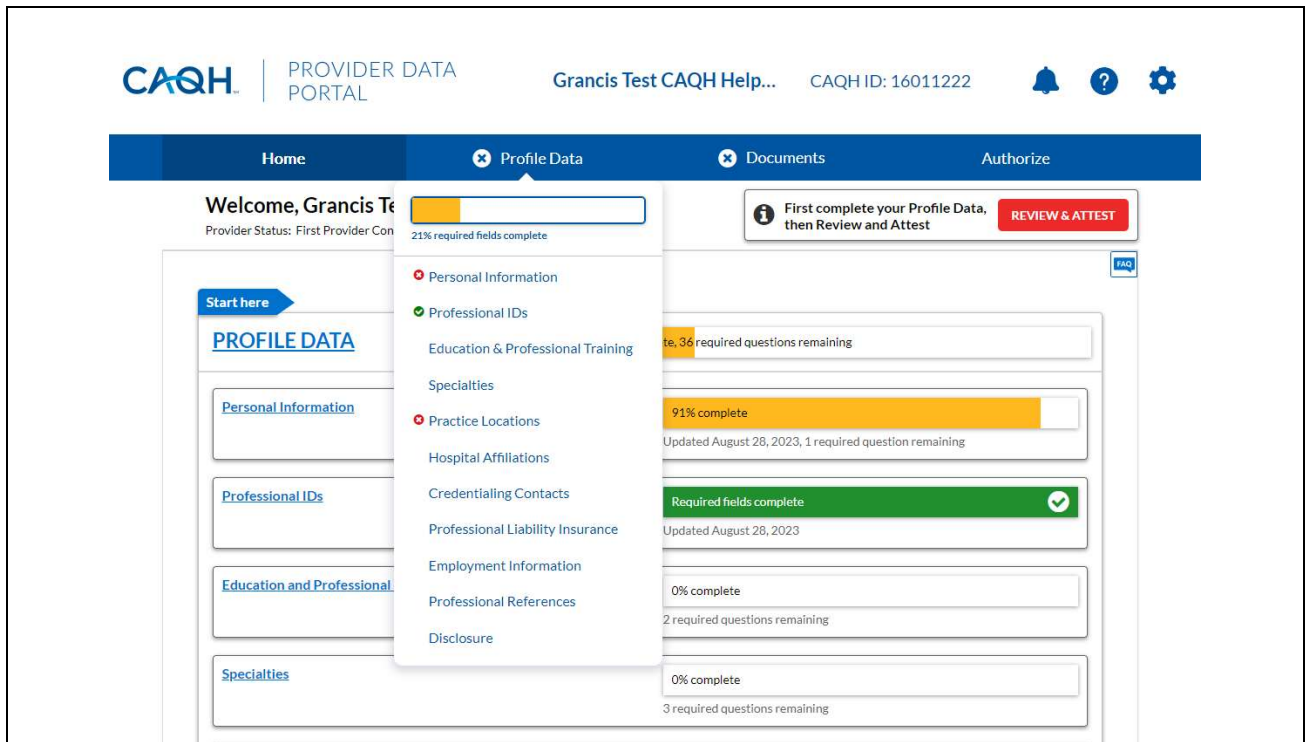

- Changes on the Documents section and Authorization page will reflect on the Activity Log even if you have not yet re-attested.

4. Completing Your Profile Information

The CAQH Provider Data Portal will guide you through the process of completing your information and managing your profile data and supporting documentation. From the Home Page, click on “Profile Data” on the top navigation bar to begin the process.

Tips:

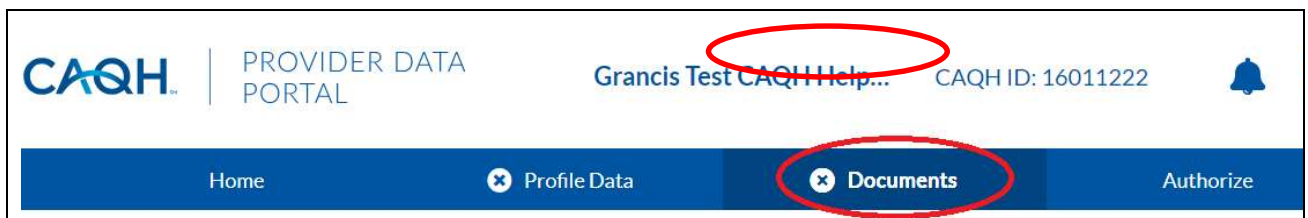

- Throughout the system, required fields are indicated with a red asterisk (*).
- If you need assistance, you can access the “FAQ” link that is displayed on the right-hand side of the screens.
- Use “Save and Go Back” or “Save & Continue” to page backward or forward within sections.
- It is important to click on the “Save” button or the “Save & Continue” button to save your information. Clicking on the back and forward arrows via the left-hand navigation will also save your information.

The screenshot displays the CAQH Provider Data Portal interface. At the top, the CAQH logo and "PROVIDER DATA PORTAL" are visible, along with the user's name "Grancis Test CAQH Help..." and CAQH ID "16011222". The navigation bar includes "Home", "Profile Data", "Documents", and "Authorize". The "Profile Data" tab is active, showing a progress bar at 21% completion. A dropdown menu is open, listing 11 sections: Personal Information, Professional IDs, Education & Professional Training, Specialties, Practice Locations, Hospital Affiliations, Credentialing Contacts, Professional Liability Insurance, Employment Information, Professional References, and Disclosure. The main content area shows a "Start here" button, a "PROFILE DATA" link, and a "REVIEW & ATTEST" button. A notification states "First complete your Profile Data, then Review and Attest". Progress bars for various sections are shown, with "Required fields complete" at 91% and others at 0%.

Clicking on “Profile Data” shows a drop-down list of 11 Sections: Personal Information, Professional IDs, Education and Professional Training, Specialties, Practice Locations, Hospital Affiliations, Credential Contacts, Professional Liability Insurance, Employment Information, Professional References, and Disclosure. They are described in further detail below. Questions presented to you may vary based on your primary practice state.

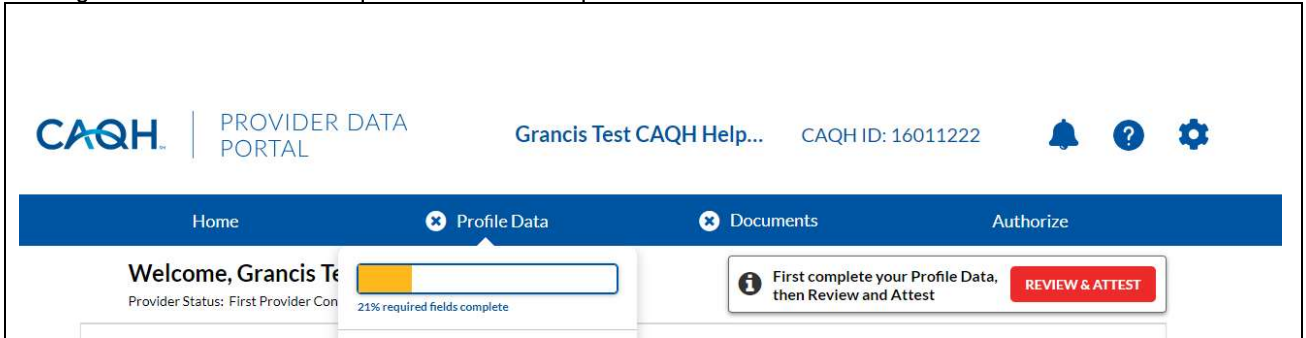

The Profile Data and Documents tabs will be updated to indicate the completion of the application. An “X” will indicate that the provider is missing required information and a checkmark will indicate that all sections are completed for profile data as well as Documents.

The screenshot shows the CAQH Provider Data Portal interface with the "Documents" tab highlighted in the navigation bar. The "Documents" tab is circled in red, and the "Profile Data" tab also has a red circle around it. The "Home" and "Authorize" tabs are also visible. The top navigation bar includes the CAQH logo, "PROVIDER DATA PORTAL", the user's name "Grancis Test CAQH Help...", and CAQH ID "16011222".

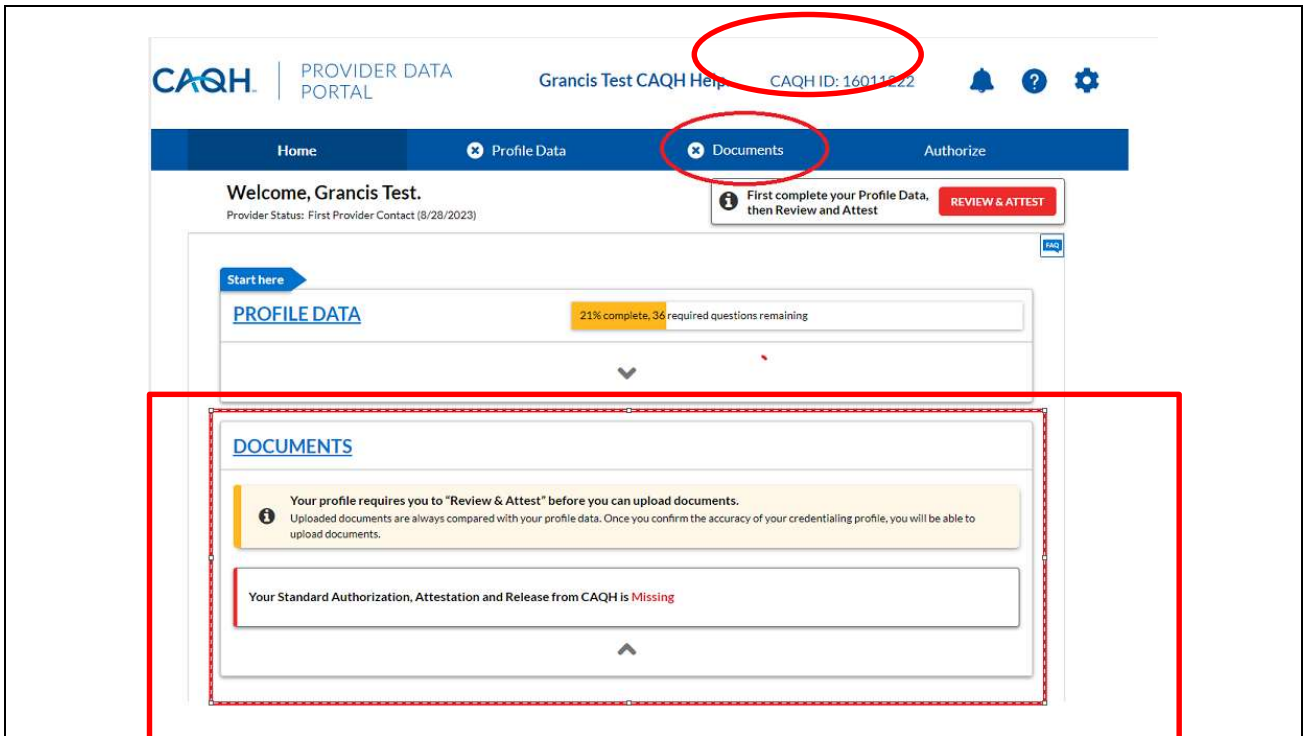

The Profile Data section within the header displays:

- A Yellow indicator when profile is 1-99% complete
- A green indicator when the profile is 100% complete

The Documents section within the header displays:

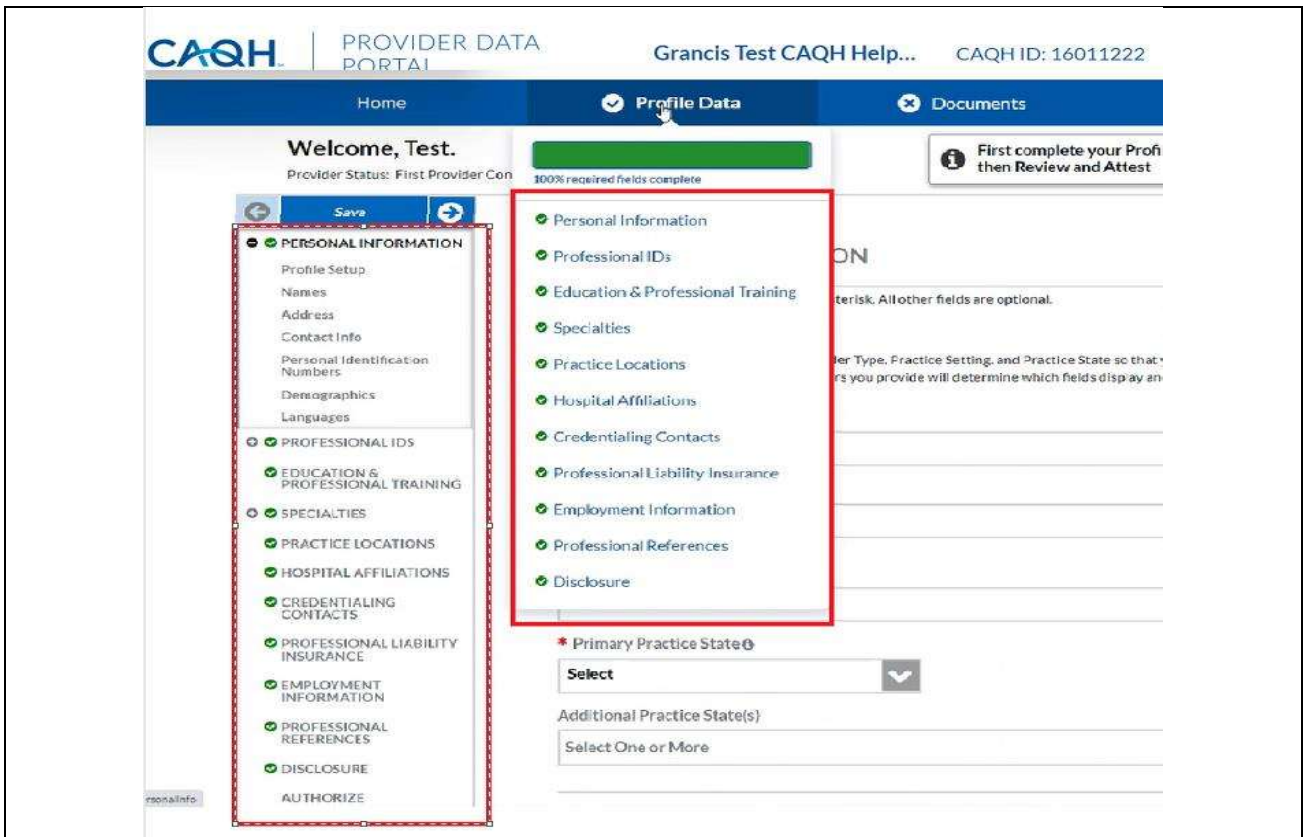

- A red indicator when mandatory documents are missing, invalid, error, etc.
- A green indicator when all mandatory document errors are resolved.
- When mandatory documents are in the approved status a green indicator will show.
- If no document slots exist in profile, the portal will show a green indicator.

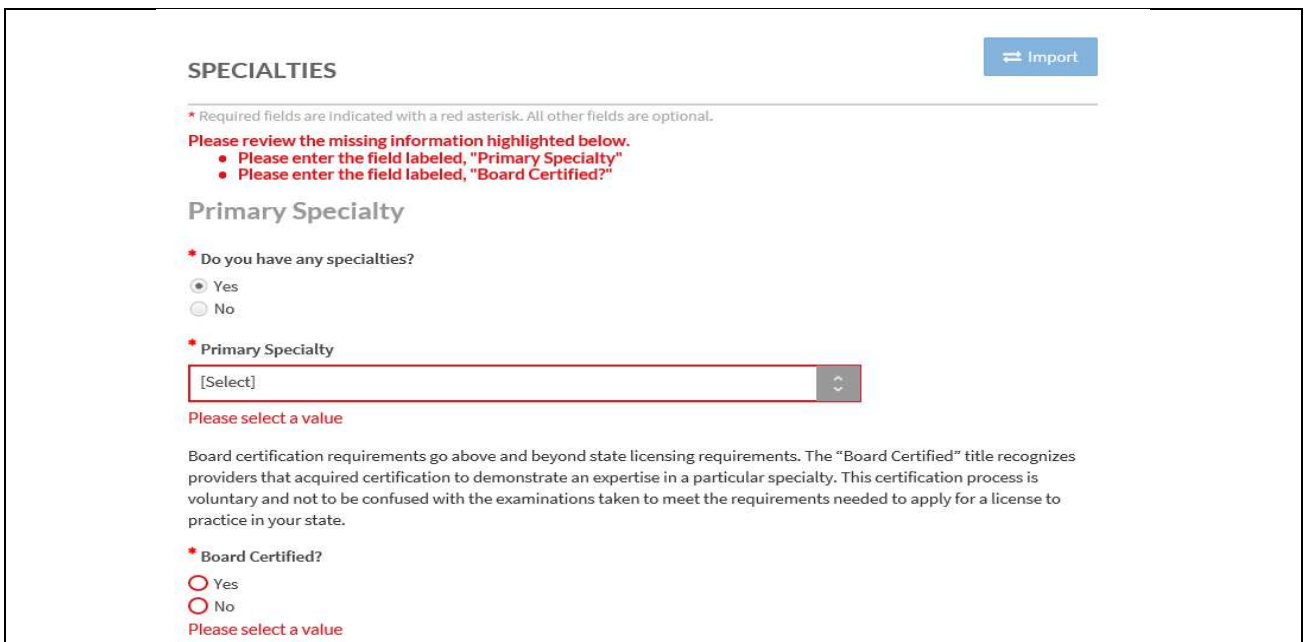

Completeness visual indicators will be displayed within the profile header drop-down menu and on the left navigation.

If required fields are missing data or a validation error exists on the page, the user will see a red X indicator for the section. If the required fields are complete and no errors exist, the user will see a green check mark for the section. The full profile completeness is displayed in the progress bar in the profile header drop-down menu.

Upon “Save” or “Save and Continue” or “Save and Go Back” the provider will see any required fix displayed on the page at the top of the page. If a required field is missing data, the user will see a red validation error at the top of the page and the corresponding field will be highlighted red on the page with an error message indicating to enter data into the required field.

CAQH continues to help providers submit accurate data by displaying errors at the top of the page and by highlighting relevant field(s). This ensures providers have a consistent error-handling experience as they progress through their profile. Fields with data entry errors will also be highlighted.

4.1. Personal Information

The Personal Information section requests basic information such as name, phone numbers, and contact information. Some information on this screen may be pre-populated based on the information you entered during the self-registration process. Additional information or tips are provided below as applicable to assist you with completing these fields.

Tips:

If you need assistance, you can access the **“FAQ”** link that is displayed on the right-hand side of the screens. Use **“Save & Continue”** to save the changes made on the page and move to the next section.

It is important to click on the **“Save”** button or the **“Save & Continue”** button to save your information. Clicking on the back and forward arrows via the left-hand navigation will also save your information.

* Required fields are indicated with a red asterisk. All other fields are optional.

Please review the missing information highlighted below.

- Please enter valid Start date. Other name start date must be greater than or equal to your birthdate.
- Please enter valid End date. Other name End date must be greater than or equal to your Start date.

Profile Setup

Please confirm your NUCC Grouping, Provider Type, Practice Setting, and Practice State so that your CAQH profile can be customized for your situation. The answers you provide will determine which fields display and are required.

Additional Practice State(s)

Select One or More

The Personal Information page has been redesigned to improve the CAQH Provider Data Portal user experience for all providers.

- Profile Set Up
 - New providers will be asked to enter their NUCC Grouping. The Provider Type, Specialties and Certifying Boards will now be based on the NUCC Grouping that you have selected.
 - Existing providers will see NUCC Grouping populated with a value that was based on the existing specialty on the profile. If you have not previously entered a Specialty, the NUCC Grouping showing on your account was based on your Provider Type.
 - Providers who have not previously entered their Specialty nor their Provider Type will see a blank field for NUCC Grouping. This field will appear on the Correct Errors page as a required fix.
 - Provider Type Not Listed has been added to the dropdown for the Provider Type field. Select this value only if your provider type is not in the options.
 - When entering Additional Practice States, click the multi-selection dropdown. A list of practice states will be displayed alphabetically. Click the checkbox of the state/s that you want to add as other practice state/s. To remove a state, click the X button next to the state.
 - Your NUCC Grouping, Provider Type, Practice Setting, and Practice State will drive the questions presented to you throughout CAQH Provider Data Portal's profile sections. If you practice in multiple states and one of those states includes a state specific credentialing application, the state specific questions and the CAQH Provider Data Portal standardized questions will be presented to you in one integrated flow throughout the system. You will be required to complete all required questions for both the CAQH Provider Data Portal standardized profile questions as well as any state specific questions.
- Home Address
 - Not required to complete your application; however, hospitals have identified that this information adds value in confirming your accessibility to the hospital.
 - Click the Add button should you wish to add your home address.
- Mailing Address
 - Enter the "Mailing Address" of the physical location of your practice. If you do not have a physical practice location, you may enter a P.O. Box; however, it is important to note that health plans intend to use this information for their directories. If you would like to enter a P.O. Box for the billing address, please enter this information in the Billing Contact section.
 - Click the Add button to add your mailing address.
 - If your mailing address is the same as your home address, click the checkbox for "Mailing address and home address are the same."

Address

Add a reliable address where you receive physical mail, in case your practice location changes.

Home

+ **Add**
Add provider's home address.

Mailing

+ **Add**
Add provider's mailing address.

- Contact Information (The additional e-mail fields will only display in expanded view if you have previously entered details on these fields. Otherwise, only the required field Primary E-mail will be displayed.)
 - Primary E-mail – Important system reminders will be sent to this e-mail address, so be sure to keep this information current.
 - Additional E-mails – You may enter additional e-mail addresses; in case you use other professional e-mail accounts or have staff that maintains your profile.
 - Additional E-mail 1 – You may use this field for your personal e-mail address.
 - Additional E-mail 2 – If you have previously entered an e-mail address as PMOC CC Email 1, that e-mail address will appear on this field.
 - Additional E-mail 3 – If you have previously entered an e-mail address as PMOC CC Email 2, that e-mail address will appear on this field.
 - Provider's Phone Number – Click the Add button to add your phone number. Existing providers who have previously entered their phone number, that details will be displayed on this field.

Contact Information

CAQH sends out system reminders to help you keep your profile current. In addition, Participating Organizations may need to reach you directly if they have questions about your profile.

- Personal Identification Numbers
 - Your Social Security Number is required to complete the application.
 - NPI – National Provider Identification Number
 - This is a provider's Type 1 National Provider Identifier. It is a unique, 10-digit identification number issued to health care providers by the Centers for Medicare and Medicaid Services (CMS).

Note: All Type 1 NPIs will undergo validation. A Type 1 NPI is validated against the **provider's** name and number in the NPPES (National Plan & Provider Enumeration System). Registry validation failures will be displayed as an error on the Personal Information page and as a required fix on the Correct Errors page.

Personal Identification Numbers

* Social Security Number

111-11-1111

The SSN you entered could not be confirmed. Please check your SSN and re-enter it.

* Individual NPI

The Individual (Type 1) NPI is used by Participating Organizations and other entities to accurately and efficiently identify you. If you do not know your NPI or you need to request one, visit the [NPPES NPI Registry](#).

Correct Errors

The Provider Data Portal has identified items in your profile that need attention. You must address these items before you attest.

REQUIRED FIXES

Personal Information

The NPI(s) listed below could not be validated. Please check that you have entered an Individual NPI and that the NPI number was entered correctly.

Individual NPI	Error	Action
1234875562	This NPI number cannot be found in the NPPES NPI Registry.	Edit

You may see the following errors on the Required Fixes page:

- This NPI number cannot be found in the NPPES NPI Registry. – This means that the Type 1 NPI that entered in the CAQH Provider Data Portal is an invalid one. Please review for any possible typo error.
- This is an Organization (Type 2) NPI. Please enter an Individual NPI. – You may have entered a Group NPI in the Individual NPI field. Please review the value that you have entered in the Individual NPI field.
- The name associated with this Individual NPI number in the NPPES Registry does not match the names associated with your profile. If this is your NPI, please make sure your Name or Other Name in the CAQH Provider Data Portal matches the name associated with your Individual NPI in the NPPES Registry. – Please review the Individual NPI that you have entered. There might be a typographical error that has caused the mismatch.

Providers who have previously indicated that they do not have a Type 1 NPI will be prompted to review this question again to see if it now applies to them.

Have you received your Individual NPI yet?

At your last attestation you indicated that you had not yet received your NPI. If you have received it, please update your record.

*** Individual NPI**

The Individual (Type 1) NPI is used by Participating Organizations and other entities to accurately and efficiently identify you. If you do not know your NPI or you need to request one, visit the [NPPES NPI Registry](#).

I do not have an Individual NPI

*** Reason for not having an NPI:**

I have not received my Individual NPI yet.
 Other - Please explain

This will appear on the Personal Information page once every 24 hours to confirm this response is still accurate for the provider.

The Correct Errors page will also display the NPI confirmation error once every 24 hours.

Correct Errors

The Provider Data Portal has identified items in your profile that need attention. You must address these items before you attest.

REQUIRED FIXES

Personal Information

The NPI(s) listed below could not be validated. Please check that you have entered an Individual NPI and that the NPI number was entered correctly.

Individual NPI	Error	Action
1851676122	This NPI number cannot be found in the NPPES NPI Registry.	Edit

For Providers whose Provider Type is either MD, DO, NP, or DMD with Inpatient/Outpatient or Outpatient Only as the Practice Setting, the Primary Practice State and each of the other Practice States (in case of multi-state Providers) should have a matching value populated for the State field in the General information section for any active Practice Location (where you answered Yes to the question: Do you practice at this location?). There will be an error for each Practice State that does not match an active Practice Location.

Personal Information			
Sub Section	Field	Error	Action
Personal Information	Practice State	You have selected New York as a practice state but you have not indicated that you practice at a location in New York. Please add a practice location in New York or remove New York as a practice state.	Update Practice Locations Update Practice States Ignore

On the screenshot above, the practice state on the account is **New York** but there is no active practice location in **New York** listed in the profile. The Provider is required to either add an active practice location in **New York** or remove **New York** as a primary practice state, whichever is applicable.

- The Update Practice States hyperlink in the error links to the Personal Information Page. Once the user has clicked the hyperlink, the following error is displayed on the top of the Personal Information Page, in red text:

You have selected {Primary Practice State or Practice State} as a practice state but you have not indicated that you practice at a location in {Primary Practice State or Practice State}. Please add a practice location in {Primary Practice State or Practice State} or remove {Primary Practice State or Practice State} as a practice state.

PERSONAL INFORMATION

- You have indicated that you practice at a location in Massachusetts but you have not selected Massachusetts as a practice state. Please select Massachusetts as a practice state or indicate that you do not practice at this location.
- You have selected New York as a practice state but you have not indicated that you practice at a location in New York. Please add a practice location in New York or remove New York as a practice state.

* Required fields are indicated with a red asterisk. All other fields are optional.

- If you add a practice location to match the Practice State, and click “Save and Continue”, you will be redirected to the Correct Errors Page and will no longer see the error.
- The Ignore hyperlink in the error links to the Ignore pop-up that already exists for Address Standardization. The pop-up should have the same functionality, i.e., if the user clicks the “Yes” button, the error is removed from the Correct Errors Page.
- You are required to either fix the error or click Ignore and then click “Yes” in the pop-up so that the error disappears on the Correct Errors Page, and you will be able to attest.

4.2. Editing SSN and DOB

With the aim of providing enhanced security for provider profiles, the CAQH Provider Data Portal locks the SSN and DOB for editing after the first attestation has occurred.

- Providers who have attested for the first time will no longer be permitted to change their Social Security Number.

Welcome, Tina.
 Provider Status: Profile Data Submitted (1/11/2021)

Next: Submit your documents for approval

You have made changes to your profile since your last attestation. You must attest for Participating Organizations to see your updated data.

The specialties that are included in the drop-down list are collected from the National Uniform Claim Committee (www.nucc.org). If you cannot locate your specialty in this list, select the specialty that is most appropriate for your practice. If your specialty is not listed, you may enter it in the "Other Interest" field, which is towards the bottom of the "Specialty" page.

The subsections are listed below and may vary based on your practice state.

- Primary Specialty
- Secondary Specialty
- Additional Specialty
- Board Examination – dynamically displayed/hidden based on your entries
- Certifications – The system will ask if you have received any of the following certifications. Additional information regarding each certification is provided below for your reference.
 - **CPR – Cardio-Pulmonary Resuscitation certification:** Community level classes concentrate on performing CPR on adults and older children. Some also include AED training,

which teaches how to use the electronic defibrillation unit on heart attack victims. Professional level classes are designed for health care professionals, ski patrol, police, firefighters, and emergency medical technicians. These classes teach all the skills previously mentioned, as well as removal of airway obstructions for victims of all ages. Other skills are also included in these classes, including inserting tubes to keep the airway open, using an oxygen tank, artificial breathing apparatuses and techniques for performing two-person CPR.

- **BLS – Basic Life Support Certification:** Basic Life Support (BLS) certification is a relatively short training course required of many health professionals to help revive, resuscitate, or sustain a person who is experiencing cardiac arrest or respiratory failure of some sort. This could include a drowning victim, heart attack or stroke patient, or any scenario where breathing, or heartbeats have been compromised.
- **ACLS – Advanced Cardiovascular Life Support Certification:** ACLS is an acronym for Advanced Cardiovascular Life Support. This certification is required of many healthcare providers who will be interacting with patients. Like its name implies, ACLS is usually required of more advanced medical professionals, as it does include some invasive procedures, unlike Basic Life Support (BLS), which is required of almost all healthcare professionals.
- **ALSO – Advanced Life Support in OB Certification:** Advanced Life Support in Obstetrics (ALSO®) is an evidence-based multidisciplinary training program that prepares maternity health care providers to better manage obstetric emergencies when and wherever they occur. ALSO's evidence-based learning path bridges knowledge gaps and boosts skill sets using a team-based approach, hands-on training, and mnemonics to reduce errors and save lives.
- **Health Care Provider (Core)**
- **ATLS – Advanced Trauma Life Support Certification:** Advanced Trauma Life Support (ATLS) is a training program for medical providers (MD/DO/DPM/PA/NP/CO) in the management of acute [trauma](#) cases, developed by the [American College of Surgeons](#). Similar programs exist for nurses (ATCN) and paramedics (PHTLS). The program has been adopted worldwide in over 60 countries, sometimes under the name of Early Management of Severe Trauma (EMST), especially outside North America. Its goal is to teach a simplified and standardized approach to trauma patients. Originally designed for emergency situations where only one doctor and one nurse are present, ATLS is now widely accepted as the standard of care for initial assessment and treatment in [trauma centers](#). The premise of the ATLS program is to treat the greatest threat to life first. It also advocates that the lack of a definitive diagnosis and a detailed history should not slow the application of indicated treatment for life-threatening injury, with the most time-critical interventions performed early.
- **NRP – Neonatal Resuscitation Program certification:** NRP was developed and is maintained by the [American Academy of Pediatrics](#). This program focuses on basic resuscitation skills for newly born infants.
- **NALS – Neonatal Advanced Life Support certification:** NALS training, administered by the American Academy of Physician Assistants, delivers the same syllabus as NRP, has similar flexibility in its format, and equips trainees with identical knowledge and skills.
- **PALS – Pediatric Advanced Life Support Certification:** The PALS Course is for healthcare providers who respond to emergencies in infants and children. These include personnel in emergency response, emergency medicine, intensive care and critical care units such as physicians, nurses, paramedics and others who need a PALS course completion card for job or other requirements.
- **Anesthesia Permit**
- Other Interests
- Professional Associations: A professional association or professional society is usually an organization seeking to further a particular profession and the interests of individuals engaged in that profession. This is the section where you specify which Medical Professional Associations and Societies you are affiliated to. You can add more than one association to the list.

4.6. Practice Locations

The Practice Locations section asks for detailed information regarding your practice location(s). A Practice Location summary table will be displayed on the Practice Locations start page.

- The table contains the following column headers:
 - Physician Group/Practice Name
 - Tax ID – All practice location record should have one TAX ID number only.
 - Address – displays the general address and phone number for the practice location; Address 1 and Address 2, City, State ZIP, Phone
 - Actions – Edit (displayed as an eye-like icon), Search, Confirm (displayed as No Change to Location button), and Archive
 - Confirmation Date – directory data's last confirmation date. All the complete active practice location prior to (release date) will have the last attestation date as the confirmation date. When a provider confirmed a location, the details of the location will be sent to the Participating Organizations.
 - Affiliation Description – the provider's association to the location
 - Location Type – it shows whether a location is provider managed or group managed

- Practice Location Email Address
- Appointment Scheduling Website

For locations that have pending suggested changes from third parties, a yellow flag that says Please Review: Suggested Changes will appear on top. An eye icon indicates that a review is needed for that specific location.

Suggested Changes for Review are displayed at the top of the Practice Location edit screen.

- On the left-hand side, the provider will see the current values of the fields with suggested changes with the last confirmed date of that location shown at the top. While on the right, the provider will see the suggested changes with the most recent submit date of those data elements.
- If there are multiple qualifying suggested changes to the same data element, a tool tip is shown beside that data element. If you hover the mouse, it will say: "We have found multiple values corresponding with this location. Please indicate the correct one. "

Suggested Changes For Review Hide ^

Please review the information below and either accept or reject the suggested changes to this location. Your location can not be confirmed until you respond this data. **You can choose to accept all or some changes, any unselected suggestions are automatically rejected.**

<p>Last Confirmed Date 8/3/2022</p> <p>Practice Location Name RBH Medical Center</p> <p>Practice Address 136 W 3rd St, New York, NY 10012-1209</p> <p>Appointment Phone Number</p>	<p>Submitted For Review Date 8/9/2022</p> <p>Practice Location Name ⓘ</p> <ul style="list-style-type: none"> <input type="radio"/> Cardiovascular Specialist of Lawrence <input checked="" type="radio"/> Colorado Heart and Vascular PC <input type="radio"/> Jack D. --	---

- Suggested Changes are presented in a radio button list which the provider may click to choose the correct data. If none of the suggested details are to be chosen, the provider may click "None of These" from the list and click the Accept Selected button to continue. If no suggested changes are selected, "Accept Selected" button will be inactive.
- Changes that are accepted are saved to the location record, while those that are not selected will be rejected.
- When changes are accepted, provider is shown a confirmation popup indicating so and has the option to return to the Location Summary screen or continue editing the current location.
- A popup that lists the fields and values that were accepted and rejected will show.

Suggestions Accepted

You have accepted suggested changes to the following fields:

- Practice Name
- Practice Address

These fields will be updated in the Practice Location Details and do not require further saving

You have **rejected** suggested changes to the following fields:

- Appointment Phone Number

If you need to make additional changes please **Continue Editing** the form. Otherwise, you may return to the Locations List.

- When changes are accepted, and there are no other required fixes on the location, the last confirmed date will be updated.

<input type="checkbox"/> Colorado Heart and Vascular PC Tax ID: 71-2528231	222 GRAFTON DR Maple Ct, AE 22300-1212	I see patients by appointment at least one day per week on a regular basis.	8/8/2022	N/A

A provider will not be able to confirm a location with an unattested specialty. If a provider has selected an unattested specialty for a location, and clicks Save & Confirm, the last confirmed date will not be updated and it will show a yellow dismissible banner at the top of the page with a message that says: "Changes saved, but confirmation was not processed. Information you have updated on this location requires you to attest in order to send these updates to health plans."

Attest to Confirm					
<input type="checkbox"/>	0730TestLocation01 Tax ID: 19-3256222	40 Washington Sq S New York, NY 10012-1005	I see patients at this location, but not by appointment	8/3/2022	N/A

If a provider updated their first name, middle name, last name, or suffix, and goes to the Practice Location summary page, each location will have a flag of "Attest to Confirm", unless there is a Please Respond or a Duplicate flag on the location, this will also disable the "No Changes on this Location" button.

Once the provider attests, confirmation date for that location will be updated and the Attest to Confirm banner will disappear.

Tips:

- If you need assistance, you can access the **"FAQ"** link that is displayed on the right-hand side of the screens.
- Use "Save and Go Back" or "Save & Continue" to page backward or forward within sections.
- Save and Confirm will save the added/edited and at the same time confirms the location information if it has no other error.
- It is important to click on the "Save" button or the "Save & Continue" button to save your information. Clicking on the back and forward arrows via the left-hand navigation will also save your information.
- Select "Add" to enter information for a practice location.
- Select "Edit" to edit the information within a practice location. The Edit button is displayed as an eye-like icon for locations with errors to be corrected and a pencil icon for completed locations.
- No Changes to the Location – click this button to confirm location without any changes. This button will be active **ONLY** for complete practice location. If a practice location has an error, or is marked with the Attest to Confirm banner, this button will be inactive.
- If the "Import" button is active, information already entered by a practice manager is available for you to view and import if you choose to do so.

The list of practice locations in the Location Summary page is sorted based on the needed action. Below is the hierarchy on how a list of locations is sorted based on the flag that is indicated on each location.

- Duplicate locations

- The Copy function has been added to the practice location section to make data entry as easy as possible. The copy function will be available on each tab of the practice location. Providers can now copy each section from one location to the other as long as the Tax ID is different from each practice location.
- Providers can copy information from active and archived locations.
 - Providers can only copy location with the same address but different Tax ID.
 - Providers can only copy tab-specific (Practice Details, Provider at the Location, and Services and Resources) information from one location record to another.
 - Copying practice location information from different state can be done but state specific information will be asked as an additional required fix.
 - Copied archived locations should not copy the Do you practice at this location? Or the Describe your affiliation with this location question response. These fields are required to be completed by the provider.

To save this location, you will need to update either the Location Address and/or the Tax ID.

* Practice Location Name ⓘ

Tina Dee Clinic

- A Duplicate error message would prompt the provider if the information added has the same practice address and Tax ID with the existing record.
- Providers must change the location address and/or the Tax ID to correct the error.

4.6.1 Practice Details

The Practice Details tab includes the following:

- Practice Location Name – the practice name that is referenced when a patient calls to make an appointment
- Location Address – the exact address that patients use to find the practice and the address the plans often publish in their directories; this includes the following: Street1, City, State, Zip Code, Country, County, Practice Location E-mail Address, and Practice Location Website

ALL practice location addresses in your profile will undergo USPS address standardization. When you edit or add an address, you will be asked to confirm whether the suggested address is correct.

Note: PO Box information will not be accepted on the practice location address fields. Valid characters for Practice Name/City and Street 1 & 2 are limited to space, Aa-Zz, 0-9, and the following special characters # - . , ' /&.

4.6.2 Duplicate Location Records

If you update a location record to an address and Tax ID Number similar to an existing location record, you will be prompted with this message.

It looks like this location already exists in your profile.

You cannot maintain multiple locations with the same address and Tax ID Number combination. To proceed, you may select one of the below locations and edit the address/TIN or choose to remove one from your profile.

Existing Active Location

Select and click continue to retain the location that already exists in your profile. The new location will not be saved.

<input checked="" type="radio"/>	Test2	Address 2435 Fair Oaks Blvd Sacramento, CA 95825-7684	Tax ID Number 191879179	Remove
----------------------------------	-------	---	-----------------------------------	------------------------

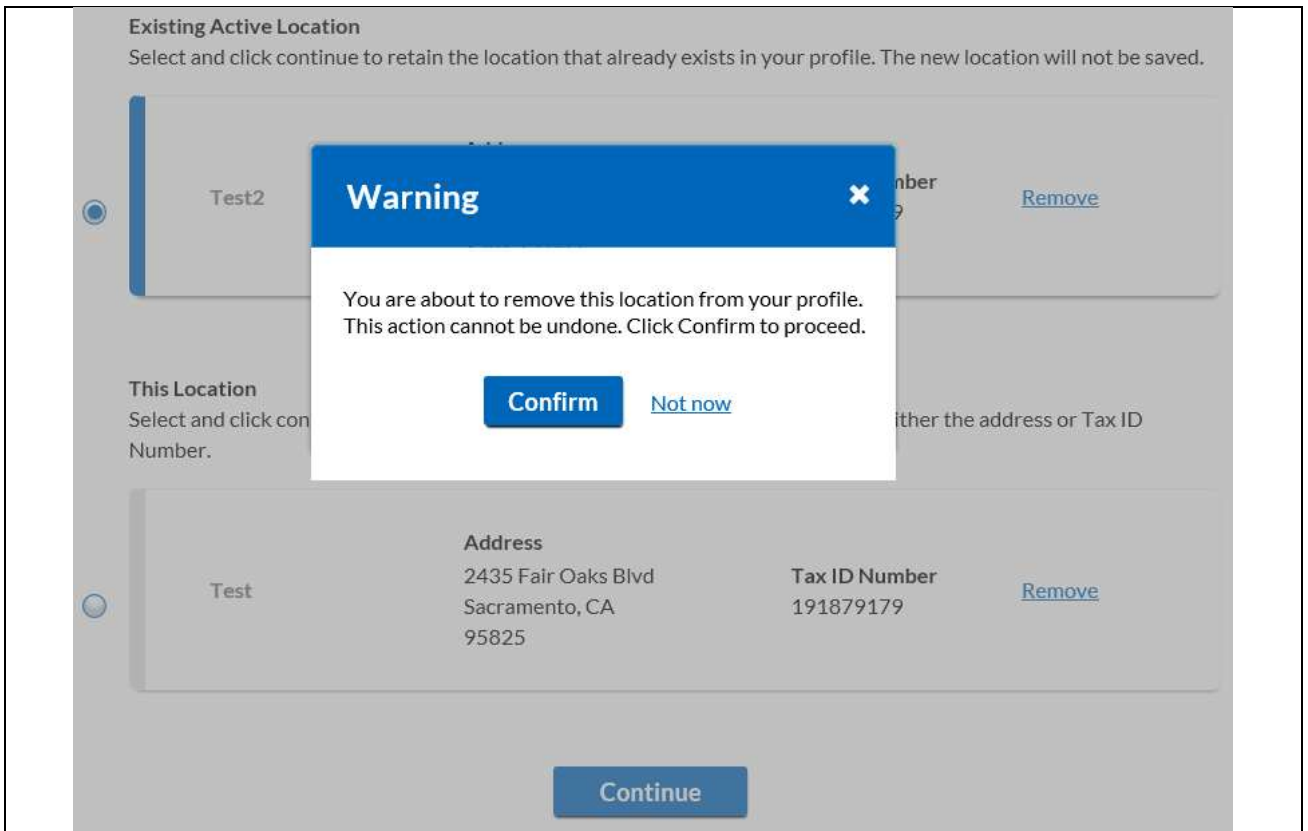

This Location

Select and click continue to edit this location. To save this location, you must edit either the address or Tax ID Number.

<input type="radio"/>	Test	Address 2435 Fair Oaks Blvd Sacramento, CA 95825	Tax ID Number 191879179	Remove
-----------------------	------	--	-----------------------------------	------------------------

[Continue](#)

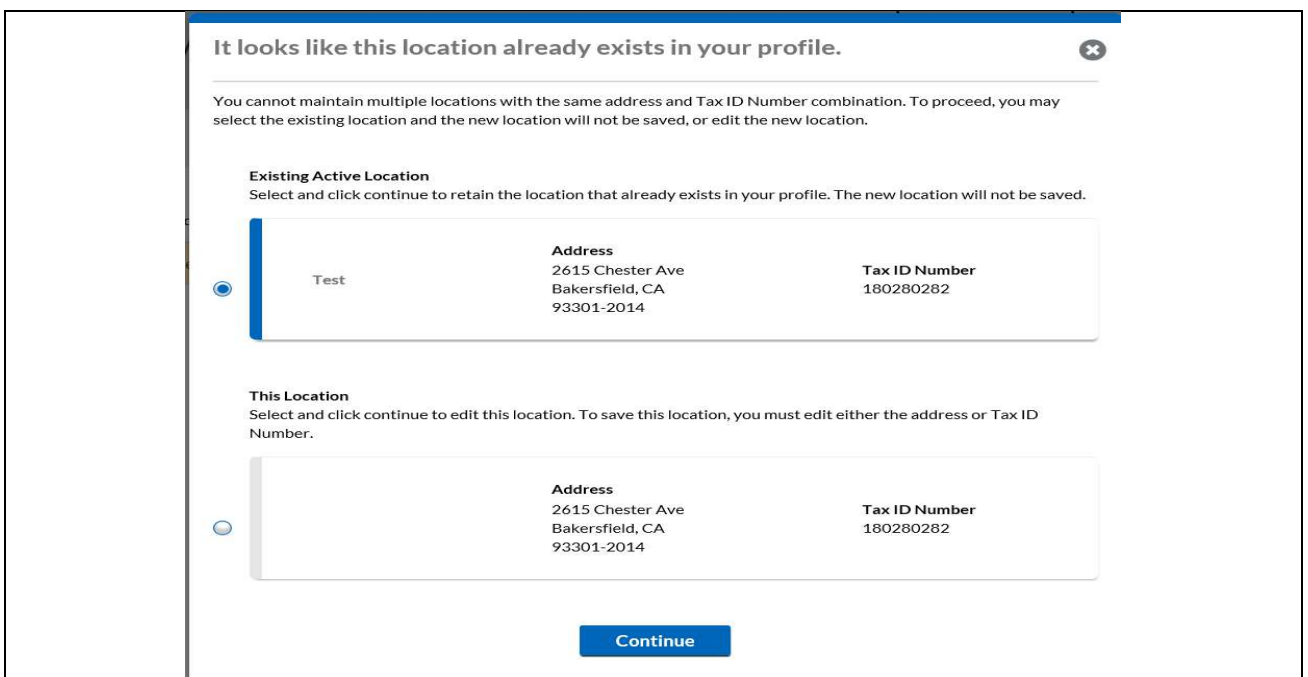

You may remove one of these locations by clicking the Remove link. You will be prompted with a confirmation message to proceed.

You may also select the location record at the top and click Continue. The changes to the other location will not be saved.

If you select the location record at the bottom and click Continue, you will be required to edit either the address or the Tax ID Number.

If you add a new location record with the same address and Tax ID Number as an existing record, you will be prompted with this message.

You may select the location record at the top and click Continue. The new location record that you are trying to add will not be saved.

If you select the other record and click Continue, you will be required to edit either the address or the Tax ID Number to save the new record.

- Phone Numbers – the phone number that a patient uses to make an appointment. If the provider does not take appointments, enter the main number for the location. This phone number will soon be validated using the IPQualityScore (IPQS). Phone numbers identified as invalid/inactive will trigger a required fix.

Patients depend on the accuracy of provider directories when choosing a health plan and physicians. Inaccurate directories pose significant challenges for patients, contributing to delays in care, limiting choices of providers and masking problems with network adequacy.

In an ongoing effort to improve the accuracy of provider information listed within directories, CAQH will ask providers to confirm that the phone number listed for each practice location is the primary method that patients may use when scheduling an appointment. This phone number will soon be validated using IPQS. Phone numbers identified as invalid/inactive will trigger a required fix. If you do NOT take appointments, confirm that the phone number listed on the Practice Location section Office Phone Number field is the main number for the location.

To meet provider directory requirements, the phone number entered in the Practice Location field "Office Phone Number" must be the number that a patient uses to make an appointment. Please confirm that the phone number that displays in the "Office Phone Number" column is the appointment phone number or, if the provider does not take appointments, the main number for the location.

Location	Office Phone Number	Please confirm that this is the appointment phone number
Makati Medical City Peach St Angels, OH 12345-1234	927-929-2727	Confirm Edit

- If you click the Edit link, you will be taken to the Practice Details screen for that Practice Location.
- If you click the Confirm link for a Practice Location, that line item will disappear from the Correct Errors page.
- Business Identifiers – includes the Legal Business name, the Tax ID, and the Type of Tax ID
- Organization (Type 2) NPI

Note: All Type 2 NPIs will undergo a validation. A Type 2 NPI is validated against Type 2 NPIs in NPPES but is not validating practice name against the registry. Validation failures will be displayed as a required fix.

Enter a practice location website that patients can use to communicate with someone at this practice location. This website may be published in health plan directories.

4.6.3 Provider at the Location

The Provider at the Location tab displays the following details:

- Affiliation – describes the provider’s affiliation with the location; select your affiliation from the dropdown
 - Which value to choose from the options?

Option 1: I see patients by appointment at least one day per week on a regular basis.

This option would be appropriate when:

- this is your primary practice;
- a patient can make an appointment to see you at this location;
- you practice regularly at this location; or
- you have been hired at this location and have a start date in the near future.

Option 2: I see patients by appointment at least one day per month, but less than one day per week on a regular basis.

This option would be appropriate when:

- you work at this location on a seasonal or monthly basis;
- you have a regular routine where you see patients at this location infrequently but on a schedule; or
- you do not consider this your primary practice, but you routinely see patients at this location and patients can even make an appointment.

Option 3: I see patients at this location, but not by appointment.

This option would be appropriate for:

- non-appointment providers who work at this location

Option 4: I cover or fill-in for colleagues within the same medical group on an as needed basis.

This option would be appropriate when:

- you see patients at this location on an on-call basis;
- you are part of a larger practice and usually practice at another location but might need to fill-in for a provider at this one; or
- you serve in an urgent care capacity within a practice where you do not take appointments at the location, but you deliver care.

Option 5: I read tests, perform imaging, or provide other services as my primary function at this location

This option would be appropriate when:

- you perform administrative tasks at this location but do not see patients; or
- you read tests for patients at this location but do not see patients.

Option 6: I no longer practice at this location

This option would be appropriate when:

- you left the practice all together and no longer practice at any locations affiliated with the practice; or
- you are still employed with the practice but have switched to a different location and will no longer submit claims for services rendered at this location

Note: If you choose “I no longer practice at this location.” A new date selector field “End date” will appear.

- The field format should be MM/DD/YYYY in the portal.
- The date entered on the “End Date” field must occur after the date entered in the field “Provider’s Start Date”.
- You should remember to update the Employment Information section of your profile with this information.

The screenshot shows a form titled "Affiliation". At the top, there is a red asterisk followed by the text "Please describe your affiliation with this location". Below this is a dropdown menu with the selected option "I no longer practice at this location" and a downward arrow icon. Below the dropdown is a red asterisk followed by the text "End Date". The "End Date" field is a date selector with the text "Select date" and a calendar icon. This field is circled in red. Below the "End Date" field is another red asterisk followed by the text "Provider's Start Date". The "Provider's Start Date" field is a date selector with the text "05/02/2016" and a calendar icon.

Option 7: I do not practice here, but the location is within the medical group with which I am employed

This option would be appropriate when:

You are employed by a large group and the practice manager for the group lists this location for you even though you would never submit claims to this location.

Option 8: I never practiced here and have no affiliation with this location

This option would be appropriate when:

- The practice location was entered by mistake.

Option 9: This is a duplicate of an existing location.

- Network Denial – displays a checkbox for “I have closed my practice to at least one plan or program”
- Patients – The questions in this section pertain to your general activity and preferences at this location. They are not specific to your activity in relation to any health plan. This is also where you can indicate the types of patients accepted into the practice.
- Practice Limitations – any restriction you have set on the gender or age of your patient population
 - Gender Limitations – Female Only or Male Only
 - Age Limitations – The value in the Age Maximum field must be greater than the value in the Age Minimum field. Otherwise, it will appear on the Correct Errors page.
 - Other Limitation

You can only have one primary practice location in your profile.

* Is this your primary practice? ⓘ

Dual Role

4.6.4 Services and Resources

The Services and Resources tab includes the following details:

- Telehealth – allows providers to indicate if they offer telehealth/telemedicine services for a practice location
 - The system will require you to answer the question “Do you use a telehealth application or platform that is compliant with the Health Insurance Portability and Accountability Act (HIPAA)?” after clicking the checkbox for “I provider telehealth services”
- The question “Are you willing and able to support family caregivers?” is required ONLY for IL providers.
- User is also prompted to indicate the telehealth service type: Audio, Audio/Video, Secure Text Messaging, Remote Monitoring, Store-and-Forward (multiselect). A description for every Telehealth Service Type will show when you hover the mouse on the selected telehealth service type.

For Providers whose Provider Type is either MD, DO, NP, or DMD with Inpatient/Outpatient or Outpatient Only as the Practice Setting, each active practice location (where you answered Yes to the question: Do you practice at this location?) should have a matching Primary Practice State or Practice State on the Personal Information section. There will be an error for each active practice location that does not have a matching Practice State.

Practice Location

Sub Section	Field	Error	Action
Practice Details	State	You have indicated that you practice at a location in Colorado but you have not selected Colorado as a practice state. Please select Colorado as a practice state or indicate that you do not practice at this location.	Update Practice Locations Update Practice States Ignore

On the screenshot, the account has an active practice location in Colorado, but Colorado is not selected as a Practice State in the Personal Information section. The Provider is required to either change the answer to the question “Do you practice at this location?” from Yes to No for this practice location record or archive the practice location record or add Colorado as a Practice State.

- The Update Practice Locations hyperlink in the error is a hyperlink to the Practice Locations Home Page. To add a practice location to your profile, go to the Practice Location section of your CAQH Provider Data Portal profile. Click the Add Location button.

10 Items per page < 1 - 3 of 3 >

The Archive link is disabled by default. To archive a location, select a location you wish to archive by clicking the checkbox beside the practice name. Once a location is selected, the Archive Location with the number of location/s button will be highlighted. You may then click it to archive the selected location/s.

The screenshot shows the 'Practice Locations' page. At the top right is an 'Import' button. Below it is a search bar with 'All Categories' and a search icon. A status bar indicates 'No Changes to Location' and features a highlighted 'Archive (1) Location' button. An 'Add Location' button is also present. The table below has columns for Name, Address, Affiliation Description, Last Confirmed Date, and Location Managed By. Three rows are visible: 1. 'Clinic' (Tax ID: 01-8181081) with a checked checkbox, 'Response required' status, and a date of 7/15/2022. 2. 'belo medical group mindanao' (Tax ID: 22-2560501) with an unchecked checkbox and a description: 'I see patients by appointment at least one day per week on a regular basis.' 3. 'Other Clinic' (Tax ID: 10-8101111) with an unchecked checkbox, 'Response required' status, and a date of 1/30/2022. A pagination bar at the bottom shows '10 Items per page' and '1 - 3 of 3'.

You may archive one or more location/s in a single archive transaction.

This screenshot is similar to the previous one but shows two locations selected for archiving. The 'Archive (2) Locations' button is now highlighted. In the table, the checkboxes for 'Clinic' and 'Other Clinic' are checked. The 'Other Clinic' row now has a red status indicator and a date of 1/30/2022. The 'belo medical group mindanao' row remains unchanged. The pagination bar at the bottom still shows '10 Items per page' and '1 - 3 of 3'. Below the table, there is a section for 'Archived Locations' with a 'Show' button.

You will be prompted to select the reason for archiving a location/s. Choose from the dropdown for the reason. If you selected more than one location and the reason to archive is the same, you may click the checkbox that says, "This reason applies to all of the selected locations."

The screenshot shows a dialog box titled "Confirm: Archive (2) Locations". It contains a text input field for a reason, a note about required fields, a checked checkbox "This reason applies to all of the selected locations", and a dropdown menu for "Reason for archiving (2) locations" currently set to "-Select-". A "Confirm" button is at the bottom right.

Otherwise, you will need to choose a reason for each of the locations that will be archived.

The screenshot shows the same dialog box, but the checkbox "This reason applies to all of the selected locations" is unchecked. Two dropdown menus are present: "Reason for archiving Clinic" and "Reason for archiving Other Clinic", both currently set to "-Select-". These two dropdowns are circled in red.

If you select "I no longer practice at this location", you will be required to enter the end date. Click Confirm Archive.

The screenshot shows the dialog box with the "Reason for archiving Clinic" dropdown set to "I no longer practice at this location". A new field labeled "* End Date" is highlighted in yellow and circled in red. The date field contains "MM/DD/YYYY" and a calendar icon. The "Reason for archiving Other Clinic" dropdown remains at "-Select-".

If you are archiving a location for the first time, a section for Archived Locations will be displayed on the page.

Note: When you change your Practice Affiliation to indicate that you are not practicing at the location, that practice location will be moved to the Archived Locations.

To view the archived location/s, click Show.

4.6.8 Help Patients Find You

Over time, some of the CAQH participating health plans may submit practice locations that they have on file for a provider that needs to be reviewed. The CAQH Provider Data Portal will display any locations that do not appear to be listed in the profile at the time they are submitted, these locations should be reviewed, and a provider may accept or reject it depending on whether they practice there.

When a provider clicks on the Review Now, the screen will show the details of the locations that the health plans requested to be reviewed. The details include:

- Practice Name and Tax ID
- Practice Address
- Notes – this icon shows more information about the location i.e. *“This location has the same street address of an existing location but has a unique suite/unit number.”*, *“This location has the same address of an existing location but has a different Tax ID.”*
- Days Elapsed – number of days since the health plan requested the practice location to be reviewed.

The provider needs to click the pencil icon to accept and edit the information of a location while the trash can icon is

for rejecting the location. Locations that are not accepted or rejected within 90 days will be communicated to health plans as No Response. Health plans use this information to decide which locations get published in their directories.

4.7. Hospital Affiliations

The Hospital Affiliations section requires you to:

- clarify admitting privileges status;
- explain why an admitting privilege is no longer active;
- declare admitting arrangements and non-admitting affiliations; and
- enter complete information for all hospitals you are affiliated with.

HOSPITAL AFFILIATIONS

⇌ Import

* Required fields are indicated with a red asterisk. All other fields are optional.

If there are hospitals where you have current or pending admitting privileges, current or pending arrangements, or a different non-admitting affiliation, enter them below.

Admitting Privileges

Add if you can admit patients on an unrestricted, limited, or temporary basis. This also includes hospitals where you have pending admitting privileges.

There is a self-help option to answer the commonly asked questions for the Admitting Privilege records page.

The screenshot shows a web form titled "Admitting Privilege Record". At the top right, there is a blue "FAQ" button. Below the title, a red asterisk indicates that required fields are marked with a red asterisk. The form includes a text instruction: "Please enter the details of your Admitting Privilege Record. An admitting privilege means that you have the right to admit patients on an unrestricted, limited or temporary basis." The form fields are: "Country" (a dropdown menu with "--Select--" and a grey arrow button), "Hospital Name" (a dropdown menu with "--Select--" and a grey arrow button), "Is this your primary hospital?" (radio buttons for "Yes" and "No"), and "Admitting Privilege Status" (radio buttons for "Active", "Inactive", and "Pending"). On the right side, there is a sidebar with four FAQ questions, each preceded by a right-pointing arrow: "What is the Admitting Privilege Status?", "What is the Admitting Privilege Type?", "What if I don't know the exact percentage of my admissions per hospital?", and "Why was my hospital removed from the drop down list?".

4.7.2 Admitting Arrangements

To add an admitting arrangement, record for the first time, click the "Add button" beside the statement "Enter an admitting arrangement." You will be directed to a page where details of an admitting arrangement record can be entered. Required fields are indicated with a red asterisk. All other fields are optional.

FAQ

- ▼ What is the Admitting Arrangement Status?

Your Admitting Arrangement Status is Active if you currently have an arrangement to admit at this hospital. Your Admitting Arrangement Status is Inactive if you previously had an arrangement to admit, but no longer have an arrangement at this hospital. Your Admitting Arrangement Status is Pending if your admitting arrangement is in process, but has not yet been finalized at this hospital.
- ▼ What if I have an Admitting Arrangement at multiple hospitals through the same Provider or group?

Enter in a different Admitting Arrangement for each hospital. You can answer with the same provider or group to the "Who admits for you?" question.
- ▼ Why was my hospital removed from the drop down list?

CAQH has adopted the American Hospital Association (AHA) to be the source of truth for hospitals and has updated the values in the Hospital Name list to reflect this. If the name of the hospital you wish to enter is not in the list, please select "Other" and enter the hospital information.

4.7.3 Non-Admitting Affiliations

To add a non-admitting affiliation record for the first time, click the "Add button" beside the statement "Enter a non-admitting affiliation" You will be directed to a page where details of a non-admitting affiliation record can be entered. Required fields are indicated with a red asterisk. All other fields are optional.

4.9.1 Renewing an Expired PLI Record

Renew an expired policy record for you to be able to upload a copy of the renewed policy. If you plan to send the renewed PLI document through e-mail or US mail, it is critical that you first renew the expired PLI record in the portal. Otherwise, your document will be rejected, and you will be asked to re-upload it in the portal using the document slot for the renewed PLI record.

- When renewing an expired policy with an associated document in "Received", "Approved", or "Expired" status, the "Edit" option will not work. Instead, click on the "Renew" button for the applicable policy and you will be prompted to enter an updated Effective Date and Expiration Date. You will also be prompted to upload an updated Insurance Face Sheet or Certificate of Insurance for the renewed policy. A missing PLI document will appear on the Documents section for the renewed policy.

Additional Information about PLI Documents/Letter of Self-Insurance

- The policy number will be added in the Document Name column next to the document name “Professional Liability Insurance”. Example – Professional Liability Insurance – PL13483N.
- You will not see the “Replace” document action for any Professional Liability Insurance document type with a status of “Approved” or “Expired”.
- You will only see the “Delete” action on Professional Liability Insurance documents with an “Expired” status.
- If you are self-insured, you will no longer see the Document Name “Letter of Self Insurance” from the document dropdown list but you will now see the Document Name “Letter of Self Insurance/Explanation of No Insurance”.
- You will not see a document showing as “Missing” for any associated data record that has a “Current Expiration Date” that is prior to today’s date.
- All “Professional Liability Insurance” documents with a status of “Expired” will appear as “Optional” if at least one PLI document exists for a current PLI record with a status of “Missing”, “Received”, “Approved”, or “Failed”.

Throughout each step of completing the PLI section, help copy, and tooltips are available for help.

Providers can hover over each of the available options for additional information and instructions.

PROFESSIONAL LIA Import

*** Required fields are indicated**

It is recommended to enter 10 years of insurance information to avoid additional follow-up from your authorized organizations. Some states and credentialing organizations may have different requirements for this section.

Insurance Coverage

*** Please enter at least one insurance policy**
 You must maintain at least one current policy record

Add

The 'self-insured' question and answer will continue to show in the portal but on the Professional Liability Insurance Record screen, right next to the question "Individual Coverage?" for Providers practicing in CAQH States, Oklahoma, and Texas (NOT Colorado, Georgia, Massachusetts, Minnesota, North Carolina, Mississippi, Nevada, Oregon, Washington, and West Virginia).

- If you previously answered “Yes” to “Self-Insured?”, the checkbox for “I am not insured will be ticked.
- If you previously entered a professional liability insurance policy, that record will be displayed in your profile.

4.10. Employment Information

The Employment Information section asks for information regarding your employment history, including your current and previous work information, any work history gaps, and any military employment information.

In order to create a seamless timeline of a provider’s work history reducing provider outreach and documentation redundancies, the following Education and Professional Training types will create an associated Gap record in the Employment History if the record includes both Start Date and End Date and is within the last ten years from the current year.

- Internship
- Residency
- Fellowship
- Preceptorship
- Other Trainings
- Undergraduate
- Fifth Pathway
- Professional School

Gap Records

Gap History now links to Education and Professional Training

Health plans and other organizations often require Gap Records that explain academic training/leave. To save you time, the CAQH Credentialing Suite will create a Gap Record in the Employment Information section once start and end dates are added.

You must document any gaps in employment longer than 6 months (jobs not related to your profession, family leave, etc.) within the past 10 years.

- The Oklahoma credentialing application asks providers to account for gaps longer than 30 days.

Add an explanation for employment gaps longer than 6 months

An employment gap record will be created for each individual education and professional records in the last 10 years. The Start and End date for gap records will match the dates entered in the Professional Training and Education record. The Gap Explanation field value will be pre-populated as "Academic/Training leave". The card will provide a link to the Education and Professional training record that the gap is sourced from. This will allow providers to navigate to that section if they need to make changes.

The screenshot displays four 'Gap Record' entries in a list. Each entry is contained within a white box with a blue vertical bar on the left. The entries are as follows:

- Entry 1 (Circled in red):**
 - Title: Gap Record
 - Description: Academic/Training leave
 - Date Range: September 2018 - September 2020
 - Institution: Professional School : Abilene Christian University
 - Buttons: Edit, Remove
 - Summary: This Gap Record represents details from Education and Professional Training. [Click here to edit or remove this information](#)
- Entry 2:**
 - Title: Gap Record

 - Summary: This Gap Record represents details from Education and Professional Training. [Click here to edit or remove this information](#)
- Entry 4:**
 - Title: Gap Record
 - Description: Academic/Training leave
 - Date Range: June 2015 - September 2016
 - Institution: Other : Albany Medical Center South
 - Buttons: Edit, Remove
 - Summary: This Gap Record represents details from Education and Professional Training

Tips:

- If you need assistance, you can access the “**FAQ**” link that is displayed on the right-hand side of the screens.
- Use “Save and Go Back” or “Save & Continue” to page backward or forward within sections.
- It is important to click on the “Save” button or the “Save & Continue” button to save your information. Clicking on the back and forward arrows via the left-hand navigation will also save your information.
- Select “Add” to enter an employer and the related information.
- If the “Import” button is active, information already entered by a practice manager is available for you to view and import if you choose to do so.
- If you have not yet started work at a location, enter your expected start date in the Start Date field.
- In general, a gap is any break in continuous, full-time employment for 3 months or longer.
- Some organizations may require a full work history beginning with your professional degree and the reporting of all gaps in work history. Check with your credentialing organization.
- Instructions such as what details to include on the Employment Information section, how to handle employment gaps, and any other work history-related details have been added to the page.
- You are required to enter at least one Employment Information record on the profile. To do this, click ‘Add’ button under New Employment Records.

EMPLOYMENT INFORMATION

Please note: Incomplete work history will require additional follow-up from your contracted organizations and may delay credentialing decisions.

* Required fields are indicated with a red asterisk. All other fields are optional.

Employment Records ⓘ

Please list your current employment and all relevant employment history for the past 10 years. Relevant experience includes all work performed as a health professional.

* Add at least one Employment Information Record

➕ Add

- Once you have added employment information to your profile, a preview of the record will be displayed on the page with the following details: Practice/Employer Name, State Date, and End Date. If you have more than one employment record, only the previous one/s will have the end date. Your current employment record will be indicated with 'Current Employment'.

 - Yes

4.13. Authorize

The Authorize section allows you to indicate which healthcare organizations you would like to authorize release of your profile information.

Home Profile Data Documents Authorize

Welcome, Grancis Test.
Provider Status: First Provider Contact (8/28/2023)

First complete your Profile Data, then Review and Attest **REVIEW & ATTEST**

AUTHORIZATION SETTING

ORGANIZATIONS

AUTHORIZATION SETTING

Healthcare organizations using CAQH require your authorization to access your self-reported and attested information to conduct processes, such as, credentialing, provider directory updates and claims processing. By selecting one of the authorization options below, you are granting these organizations access to your self-reported and attested information.

When a healthcare organization subscribes to your data, should CAQH automatically authorize access?

Yes. Release my data to any organization that requests access.

RECOMMENDED

No. Ask me to review each organization's request.

I hereby authorize the release of my full set of CAQH self-reported information as indicated above.

SAVE

Review the information provided on the screen, select the applicable authorization, and agree to the authorization release accordingly.

- You can indicate a “global” authorization, which allows access to your data profile to all healthcare organizations that indicate to CAQH that you are an affiliated provider or am in the process of becoming an affiliated provider. This is the recommended selection.
- You also can individually select organizations to allow access to your data profile by selecting “Only the healthcare organizations that indicate I am an affiliated provider or am in the process of becoming an affiliated

- provider, and I specify below”.
- In the “Other Organizations Authorization” section, you have the option to release a more limited set of your data profile to healthcare organizations that you are not affiliated with.
 - Organizations need data for providers who are not affiliated or participating in their network to pay out-of-network claims. For example, if a health plan would like to verify a non-participating provider’s address before they submit payment for the claim.
 - In the “Other Organization Authorization” section, you have the option to either grant global authorization to all health plans who indicate you are not affiliated or to select the individual plans who have indicated you are not affiliated. By selecting the latter option, you will be able to view which health plans have asked to view a limited set of your data and can grant access via line-item authorization. If preferred, you do not need to authorize any organizations that you are not affiliated with.
 - If you are interested in participating with additional health plans, you need to contact each health plan directly. Once you are added to the health plan’s CAQH provider roster, the health plan will be listed on this authorization screen.

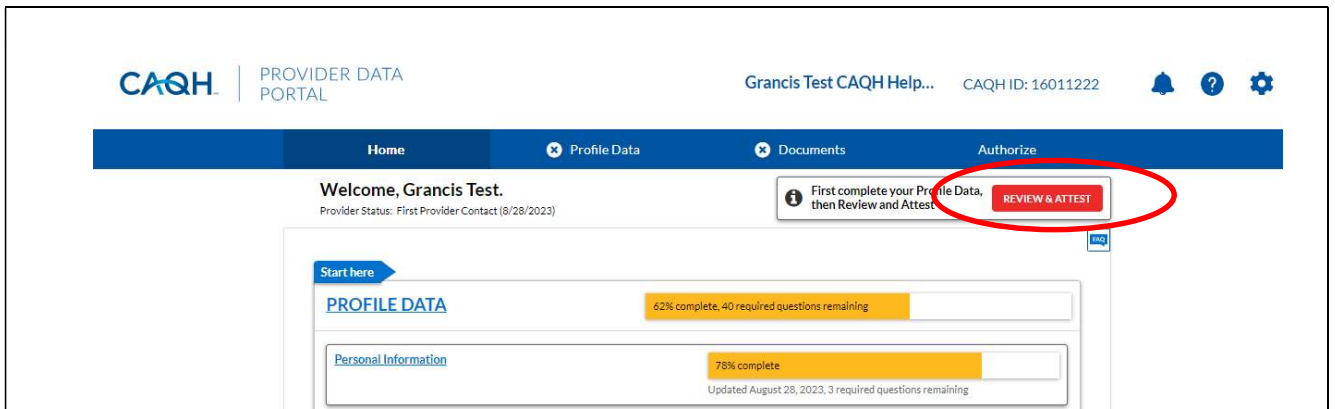

4.13.1 Update Authorization

You can change or update your authorization selection at any time. Simply log into the CAQH Provider Data Portal and select “Authorize” from the top navigation menu to make your change. Click “Save” for your changes to be effective.

The screenshot shows the CAQH Provider Data Portal interface. At the top left is the CAQH logo and 'PROVIDER DATA PORTAL'. On the right, there is a user name 'Grancis Test CAQH Help...' and a CAQH ID '16011222'. A navigation bar contains 'Home', 'Profile Data', 'Documents', and 'Authorize', with 'Authorize' circled in red. Below the navigation bar, a welcome message reads 'Welcome, Grancis Test.' with a sub-message 'Provider Status: First Provider Contact (8/28/2023)'. A red 'REVIEW & ATTEST' button is visible. The main content area shows a 'Start here' section with a 'PROFILE DATA' progress bar at 62% complete (40 questions remaining). Below this are three sub-sections: 'Personal Information' (78% complete, updated August 28, 2023, 3 questions remaining), 'Professional IDs' (66% complete, updated August 28, 2023, 2 questions remaining), and 'Education and Professional Training' (Required fields complete, indicated by a green checkmark).

5. Review Your Data

Once you have completed your data profile, select “Review and Attest” from the top navigation bar.

1. On the Review screen, there are three areas you can access to review your data. View Errors – Click here to address any errors you need to fix within your data profile.
2. View Your Data Summary – Click here to view a PDF summary of your data profile.
3. Download Your State Application – Click here to generate a replica of any state specific application applicable to your practice state(s).
Providers will only be allowed to upload documents after a successful attestation.

5.3. View Your Data Summary

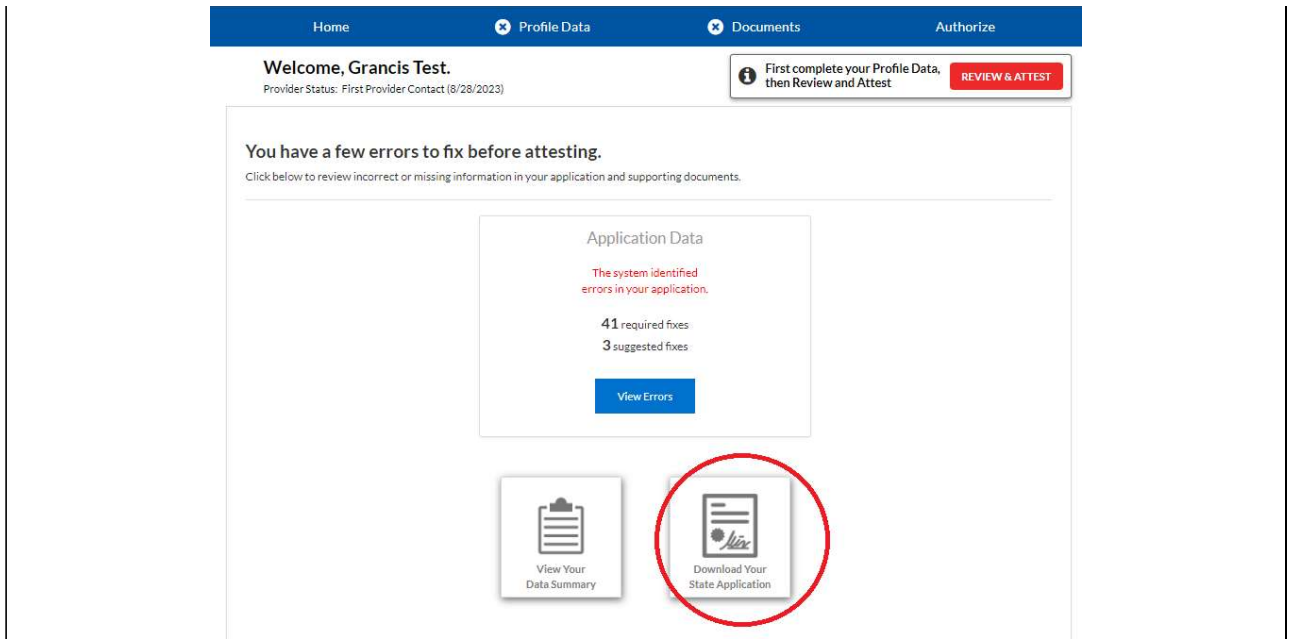

Click on “View Your Data Summary” from the “Review” screen to view a PDF summary of your application and validate that the information entered is correct. Double-click the image to view your application and to enable the “Save” and “Print” features.

5.4. Download Your State Application

You can click on “Download Your State Application” from the “Review Screen” to generate the CAQH standard form, or if applicable a state specific form, of your information. Select a state for which you want the report generated, select the “Include Supporting Documentation” checkbox if applicable, and double-click the image to view your state replica. You have the option to print your application if desired. Note: the report will open in a PDF format.

6. Uploading Supporting Documentation

6.1. Uploading Documents

To complete your data profile, you will need to upload into the CAQH Provider Data Portal any applicable supporting documents.

Your profile must be complete, required errors must be fixed on the Correct Errors page and any account changes must be attested first before you can upload documents.

The CAQH Provider Data Portal does not support faxing of supporting documents.

Here are the steps on uploading supporting documents on the Documents section:

1. Scan and save your document (if needed). Please make sure the document is in PDF, TIF, JPG or JPEG format for it to be accepted into the system.
2. Log in to the CAQH Provider Data Portal using your username and password.
3. Click the Documents link on the top navigation menu to go the Documents section. Any missing documents will be shown on this page.
4. Be sure to select the appropriate document name or document type when uploading documents. Each document must be uploaded separately.
5. Click "Upload". Click "Browse" to select a file for upload. Then, click "Upload".
6. Your uploaded documents can be viewed on the "List of Documents" found on the upper portion of the same page.
7. Recently uploaded documents will show as "Received." Once the document is reviewed by CAQH and accepted, the status will change to "Approved". All documents may be viewed regardless of the status.
8. You will have to click download to be able to view the document. You may also "Replace" an existing document, or to "Delete" a document if necessary.

List of Documents

* Required documents are indicated with a red asterisk. For each required document click 'upload' and add one document.

Document Name	State	Uploaded Date	Expiration Date	Status ⓘ	Document Actions
* Standard Authorization, Attestation and Release	CAQH			Missing	Download Upload
* CDS				Missing	Upload
* DEA				Missing	Upload
* Professional Liability Insurance - ABC123			08/29/2021	Missing	Upload
Form A - Adverse And Other Actions	Illinois	06/01/2020		Received	Delete Replace
Form B - Professional Liability Actions	Illinois	05/25/2020		Received	Delete Replace

Here are examples of supporting documents you may need to submit for your application:

- Drug Enforcement Administration (DEA) Certificate
- Controlled and Dangerous Substances (CDS) Certificate
- Malpractice insurance policy face sheet
- A signed Authorization, Attestation, and Release form.

6.2. Authorization, Attestation, and Release Form (AAR Form)

When you initially complete your data profile and attestation, a signed Release form is required for your data profile to be complete.

To submit a Release form, you need to perform the following steps:

1. The Authorization, Attestation, and Release (AAR) Form applicable to your practice state is displayed in the Documents section. The AAR will appear as "missing" if one is not presently attached to your profile.
 - i. For some states, it is one form, for others you may see a State Release and a State Authorization.
2. Sign the form (wet signature or electronic signature accepted) and indicate the date it was signed.
3. The signed AAR form must be submitted within 120 days from the signature date. If the AAR form's signature date is greater than 120 days, it will NOT be accepted by CAQH.
4. Upload the form to the CAQH Provider Data Portal.

List of Documents

* Required documents are indicated with a red asterisk. For each required document click 'upload' and add one document.

Document Name	State	Uploaded Date	Expiration Date	Status ⓘ	Document Actions
* Standard Authorization, Attestation and Release	CAQH			Missing	Download Upload
* CDS				Missing	Upload
* DEA				Missing	Upload
* Disclosure	Washington			Missing	Download Upload
* Professional Liability Insurance - ABC123			08/29/2021	Missing	Upload
* State Authorization	Washington			Missing	Download Upload
* State Release	Washington			Missing	Download Upload
Form A - Adverse And Other Actions	Illinois	06/01/2020		Received	Delete Replace
Form B - Professional Liability Actions	Illinois	05/25/2020		Received	Delete Replace

CAQH added some help content advising providers on how you can replace your application release document.

The screenshot shows the CAQH provider dashboard. At the top, there are navigation tabs: Home, Profile Data, Documents (selected), and Authorize. Below the navigation, a welcome message reads "Welcome, Grancis Test." with a sub-message "Provider Status: First Provider Contact (8/28/2023)". A red button labeled "REVIEW & ATTEST" is visible. The main content area is titled "DOCUMENTS" and contains a yellow banner with an information icon stating: "Your profile requires you to 'Review & Attest' before you can upload documents. Uploaded documents are always compared with your profile data. Once you confirm the accuracy of the information in your CAQH upload documents." Below this is the "List of Documents" table, which is a smaller version of the table shown in the first image. A help tooltip is open on the right side of the table, titled "FAQ" and containing several questions and answers, including one about replacing an application release document. The tooltip text reads: "Your approved release document is valid for the life of your CAQH Provider Data profile as long as the name that appears on the document matches the name associated with your profile. If you need to replace this document due to a name change or other valid reason, please contact the CAQH Help Desk for assistance at 1-888-599-1771."

Note: that this kind of requests is only accommodated if there is a valid reason to replace the document such as a name change, etc.

6.3. Failed Documents

CAQH will review all submitted supporting documents for accuracy within approximately 48 hours upon submission. A tooltip will show the rejection notification which will include the specific reason why the document was not approved. The document rejection notifications being sent via e-mail have also been revised to include the specific reason for rejection and the next steps on how to correct the document. A document may fail for the following reasons:

1. Illegible – the document is not clear enough to be read.

2. **Not compliant** – the document may be missing a date, may be missing a signature, or more than one document may have been included within the same file.
3. **Ineligible** – the document submitted may have an expired date or does not correspond to the document type selected. For example, if you upload a license to a “Professional Liability Insurance” document type, the document will fail. You will need to upload the license using the “State License” document type.

DOCUMENTS

Your profile requires you to "Review & Attest" before you can upload documents. Uploaded documents are always compared with your profile data. Once you confirm the accuracy of the information in your CAQH account, you will be able to upload documents.

List of Documents

* Required documents are indicated with a red asterisk. For each required document click 'upload' and add one document.

Document Name	State	Uploaded Date	Expiration Date	Status	Document Actions
* Standard Authorization, Attestation and Release	CAQH			Missing	Download Upload
* DEA				Missing	Upload
* Professional Liability Insurance - 1233333333			08/09/2024	Missing	Upload
* State Release	Illinois			Document has been rejected due to multiple reasons.	Download Upload
* Application Release	Illinois	08/21/2023		Failed	Delete Download Replace

Note: Signed supporting documents must be submitted within 120 days of the signature date. If a supporting document's signature date is greater than 120 days, it will not be accepted by CAQH.

6.3.1 North Carolina Providers

The CAQH Provider Data Portal requires different North Carolina State Release forms for each authorized Participating Organization.

- o If you have authorized individual organizations, you are required to upload a North Carolina State Release form for every health organization that you have authorized.
- o If you have selected global authorization, which authorizes any organization who adds you to their roster, a North Carolina State Release form is required for every health organization that has added you to their roster.

ORGANIZATIONS

This page lists all the organizations that have requested authorization to view your CAQH Provider Data information.

ORGANIZATION	AUTHORIZE	VIEWING YOUR DATA
Blue Cross Blue Shield of North Carolina	<input checked="" type="radio"/> Authorize <input type="radio"/> Do not Authorize	Yes
Humana/ChoiceCare	<input checked="" type="radio"/> Authorize <input type="radio"/> Do not Authorize	Yes
CIGNA / Great-West Healthcare	<input checked="" type="radio"/> Authorize <input type="radio"/> Do not Authorize	Yes
Anthem Blue Cross Blue Shield/CareMore/Wellpoint Military Care	<input checked="" type="radio"/> Authorize <input type="radio"/> Do not Authorize	Yes
Aetna	<input checked="" type="radio"/> Authorize <input type="radio"/> Do not Authorize	Yes

- o If you are new to the CAQH Provider Data Portal and practice in North Carolina, you will be required to upload a separate, specific State Release form for each organization you have authorized. You must download the specific form, sign it, and upload it to CAQH.

Note: First time attesting providers who practice in North Carolina will be required to upload each plan-specific release forms before they can attest so that all of the plans that have rostered the provider will receive a signed AAR for that plan. Providers in Initial Profile Complete, Re-attestation, or Expired Attestation statuses will be able to attest

without uploading additional plan-specific release forms if they have been added by another plan.

- If you have initially attested and have already uploaded at least one State Release form, your existing releases will remain in the documents section. However, you will see new slots for “missing” State Release forms. There will be one missing slot for each organization you have authorized.
- Click the ‘Download’ button corresponding to each of the missing State Release forms. The number of North Carolina State Release forms available for download depends on the number of Pos who have added you to their roster or the Pos you have individually authorized. These State Release forms will be pre-populated with the PO name.
- Sign the State Release forms, indicate the date the forms were signed, and upload in the CAQH Provider Data Portal Documents section by clicking the ‘Upload’ button corresponding to each of the missing documents.
- The ‘Missing’ status will disappear after you have uploaded these documents.
- Documents that require “Download” will have a status of “Missing” until a document is uploaded in that slot.
- State Release forms will be pre-populated with the names of authorized health organizations and will be available for download from the Documents section.

Attestation Statement

(IMPORTANT: Submit Original Only)

This application is to be signed by each individual provider submitting an application.

Fill in each space with the name of the Health Plan for which you are applying.

No Stamps or Copies Please

All information submitted by me in this application, as well as any attachments or supplemental information, is true, current, and complete to my best knowledge and belief as of the date of signature below. I fully understand that any significant misstatement in this application may constitute cause for denial of my application or termination of a resulting participation agreement.

By application for membership in Blue Cross Blue Shield of North Carolina, I signify my willingness to appear for interview in regard to my application. I authorize Blue Cross Blue Shield of North Carolina to consult with administrators and members of the medical staffs of hospitals or institutions with which I have been associated and with others, including past and present malpractice carriers, who may have information bearing on the questions in this application. Upon request, I will obtain and provide to Blue Cross Blue Shield of North Carolina materials pertaining to my qualifications and competence, including, materials relating to complaints filed, any disciplinary action, suspension, or action to curtail my medical- surgical privileges. I further consent to the inspection by representatives of Blue Cross Blue Shield of North Carolina of all documents that may be material to an evaluation of my professional qualifications and competence.

- If the Document Type is CAQH AAR, the page will not show the actions links for Replace or Download for that document if the status is Approved.
- You are required to upload ALL State Release forms even though the portal shows the remaining releases as optional (only one State Release form is marked with a red asterisk).

6.3.2 AAR for Oklahoma Providers

Providers practicing in Oklahoma are now required to upload the CAQH Authorization, Attestation, and Release Form (AAR Form) in addition to your Oklahoma Application Release. Only attested profiles with both Application Release and Standard Authorization, Attestation and Release forms that are approved alongside with the other required documents will be considered complete.

When you navigate to the Documents section of your application, you will see a missing CAQH Application Release. Click the Download link to download a copy of the document.

List of Documents

* Required documents are indicated with a red asterisk. For each required document click 'upload' and add one document.

Document Name	State	Uploaded Date	Expiration Date	Status ⓘ	Document Actions
* Application Release	Oklahoma			Missing	Download Upload
* Standard Authorization, Attestation and Release	CAQH			Missing	Download Upload
* Professional Liability Insurance - ABC123			08/29/2021	Missing	Upload
Form A - Adverse And Other Actions	Illinois	06/01/2020		Received	Delete Replace

Sign the form and indicate the date it was signed.

I certify that all information provided by me in my application is current, true, correct, accurate and complete to the best of my knowledge and belief, and is furnished in good faith. I will notify the Entity and/or its Agent(s) within 10 days of any material changes to the information (including any changes/challenges to licenses, DEA, insurance, malpractice claims, NFPDB/HIPDB reports, discipline, criminal convictions, etc.) I have provided in my application or authorized to be released pursuant to the credentialing process. I understand that corrections to the application are permitted at any time prior to a determination of Participation by the Entity, and must be submitted online or in writing, and must be dated and signed by me (may be a written or an electronic signature). I acknowledge that the Entity will not process an application until they deem it to be a complete application and that I am responsible to provide a complete application and to produce adequate and timely information for resolving questions that arise in the application process. I understand and agree that any material misstatement or omission in the application may constitute grounds for withdrawal of the application from consideration; denial or revocation of Participation; and/or immediate suspension or termination of Participation. This action may be disclosed to the Entity and/or its Agent(s). I further acknowledge that I have read and understand the foregoing Authorization, Attestation and Release and that I have access to the bylaws of applicable medical staff organizations and agree to abide by these bylaws, rules and regulations. I understand and agree that a facsimile or photocopy of this Authorization, Attestation and Release shall be as effective as the original.

Signature* _____

Name (print)* _____

DATE SIGNED*

3094

Note: Signed AAR form must be submitted within 120 days from the signature date. If the AAR form's signature date is greater than 120 days, it will NOT be accepted by CAQH.

Upload the form to the CAQH Provider Data Portal by clicking the Upload link.

List of Documents

* Required documents are indicated with a red asterisk. For each required document click 'upload' and add one document.

Document Name	State	Uploaded Date	Expiration Date	Status ⓘ	Document Actions
* Application Release	Oklahoma			Missing	Download Upload
* Standard Authorization, Attestation and Release	CAQH			Missing	Download Upload
* Professional Liability Insurance - ABC123			08/29/2021	Missing	Upload
Form A - Adverse And Other Actions	Illinois	06/01/2020		Received	Delete Replace
Form B - Professional Liability Actions	Illinois	05/25/2020		Received	Delete Replace

Note: The CAQH Provider Data Portal application will display the required documents based on your practice state, your provider type, and any other details that you have entered on your profile. Other document types that don't appear as required in the Documents section of your profile, or in the drop down list, don't need to be uploaded or submitted to CAQH.

7. Importing Data from the Practice Manager Module

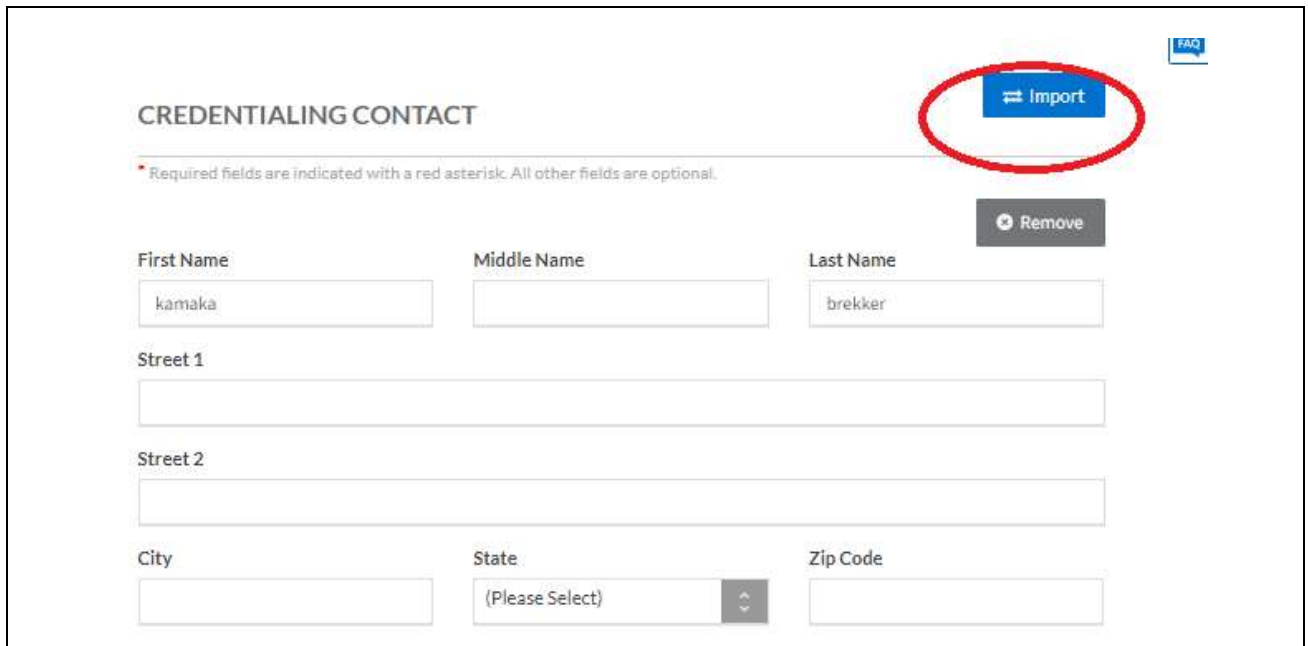

If your practice has an office manager or clinic administrator who assists with gathering information for credentialing or other administrative purposes for multiple providers, the CAQH Provider Data Portal for Practice Managers may facilitate your data entry process. Data that is the same for multiple providers (e.g., clinic name, address and phone number) can be entered once by a practice manager, rather than having to be entered repeatedly for each individual provider.

Once a practice manager enters this information for you into the CAQH Provider Data Portal for Practice Managers, the practice manager will “export” the data, i.e. transfer the data, to your data profile. You will have the option to view this data and choose to import the data if you desire.

The sections that a practice manager can export to a provider include:

1. Personal information
2. Professional IDs
3. Education
4. Professional training
5. Specialty
6. Credentialing contact
7. Practice location
8. Hospital affiliations
9. Professional liability insurance

At the top of each of these sections, you will see an “Import” button. If there is data available to you to import into your data profile, this “Import” button will be active and available for you to select to review the data that was entered for you by a practice manager. You can either choose to import the data as a new set of information or replace an existing set of data within the applicable section.

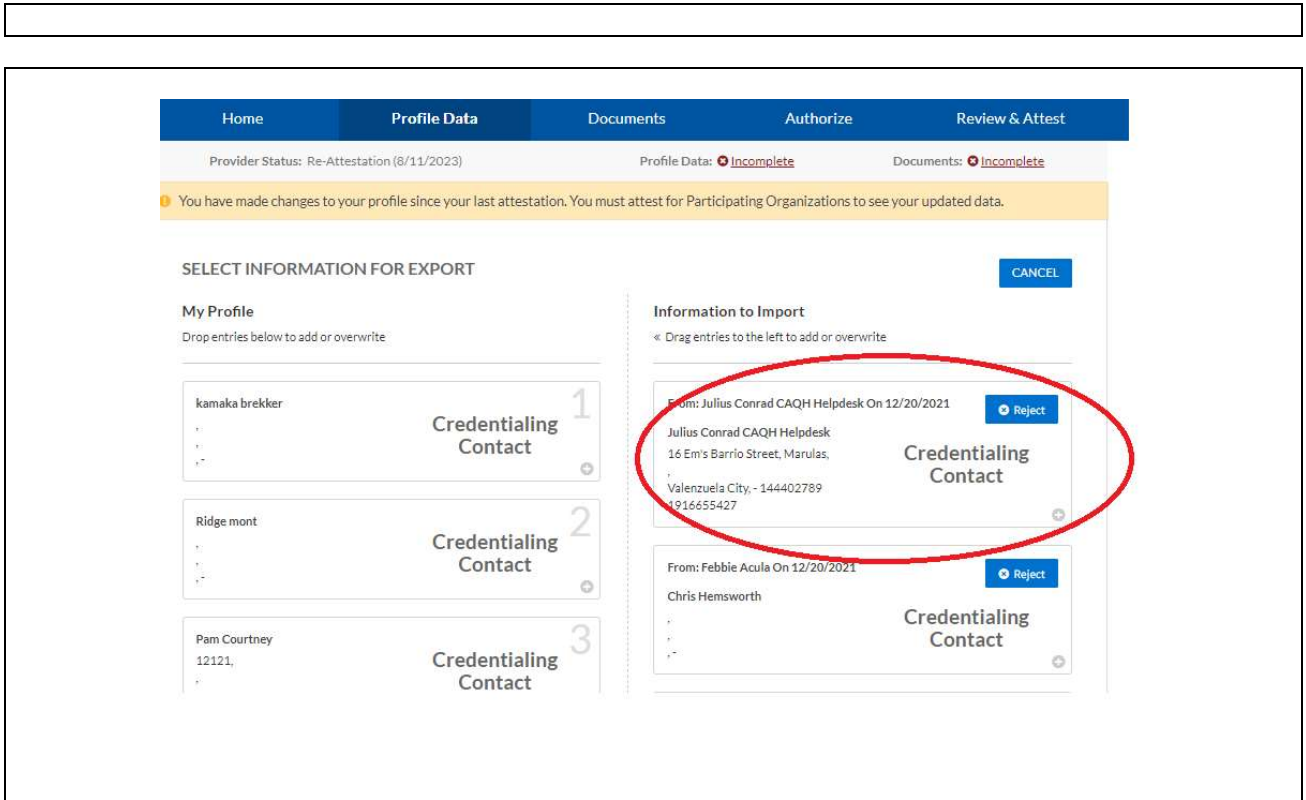

The screenshot shows the 'CREDENTIALING CONTACT' form in the CAQH Provider Data Portal. The form includes an 'Import' button (circled in red) and a 'Remove' button. The form fields are as follows:

- First Name:** kamaka
- Middle Name:** (empty)
- Last Name:** brekker
- Street 1:** (empty)
- Street 2:** (empty)
- City:** (empty)
- State:** (Please Select)
- Zip Code:** (empty)

A red asterisk indicates that required fields are indicated with a red asterisk. All other fields are optional. An FAQ link is visible in the top right corner.

7.1. Drag & Drop Functionality

When you click on “Import”, the “Select Information to Import” screen will present. You will use a “drag & drop” functionality to import your data. Drag and drop is a pointing device gesture in which you can select the data to be imported by “grabbing” it and dragging it into your data profile. Here is an example of professional liability information entered by a practice manager that is available for import.

To add information to your data profile, click on the box containing the information and drag the box from the right to the left side of the screen.

- By hovering over the box over information you already have in your data profile on the right side, you can overwrite and replace the information. The system will confirm that this is what you would like to do.
- You can click on “Reject” if you do not wish to import the data into your data profile.

8. Completing Your Attestation

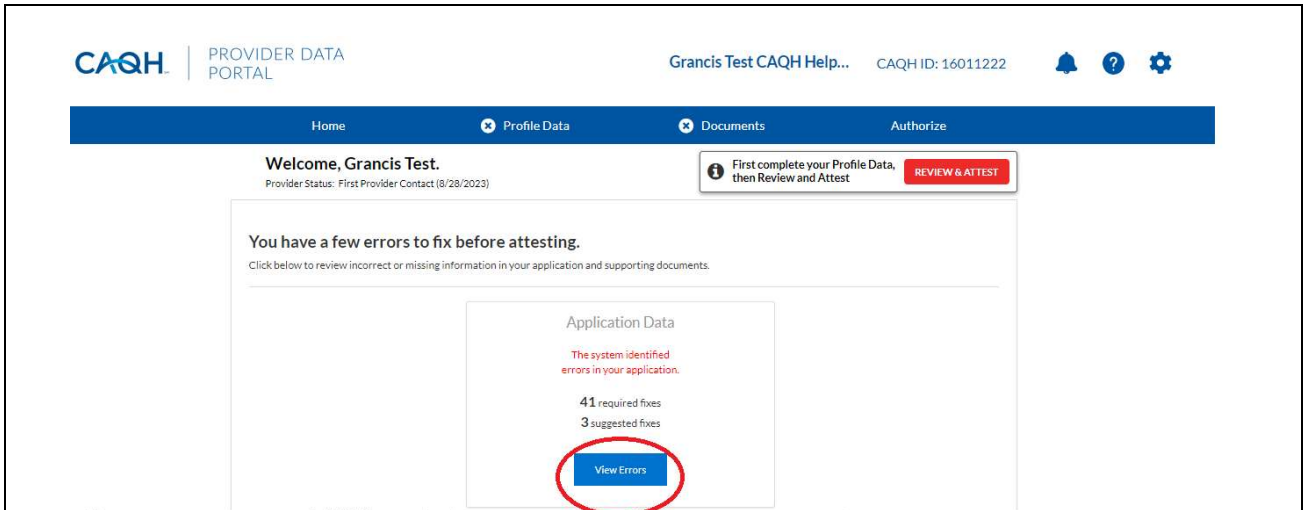

8.1. Attesting

Submitting your attestation is required to complete your data profile. This step allows you to make a final review of your information and to attest to its accuracy. Click on “Review and Attest” from the top navigation bar to begin the process.

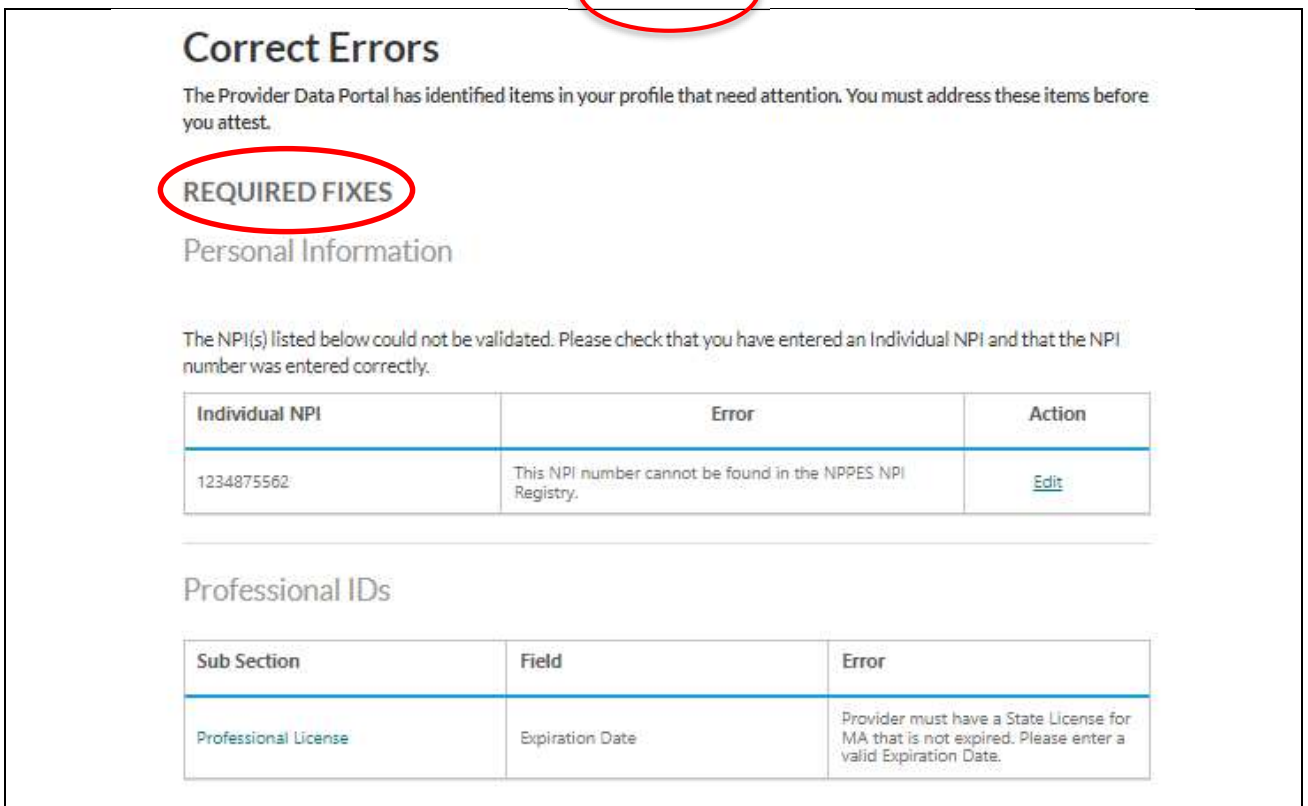

If there are required fixes on your profile, you will be directed to this page. You need to correct all the errors before you can complete the re-attestation. Click the View Errors button.

You will be directed to the page which shows the sections and the fields which you need to fill out or correct.

Once all the fields are filled out or corrected, the following screen will display. You are now ready to complete your re-attestation. If you wish to review your data summary, you may click the link for "reviewed all information" or Click the View Your Data Summary" found below the page. Then click Attest.

Home Profile Data Documents Authorize Review & Attest

Provider Status: Re-Attestation (8/28/2023) Profile Data: Complete Documents: Incomplete

You are ready to attest!

Click Attest to certify that you have carefully reviewed all information contained within your CAQH Profile and that all information provided by you in the profile is true, correct and complete to the best of your knowledge. You also acknowledge that your CAQH Profile will not be considered complete until supporting documentation and properly executed Authorization, Attestation and Release Form is remitted. Once you attest, you can go to the Documents page to upload your supporting documents.

I understand and agree that, as part of the credentialing application process for participation, membership and/or clinical privileges (hereinafter, referred to as "Participation") at or with each healthcare organization indicated on the "List of Authorized Organizations" that accompanies this Provider Application (hereinafter, each healthcare organization on the "List of Authorized Organizations" is individually referred to as the "Entity"), and any of the Entity's affiliated entities, I am required to provide sufficient and accurate information for a proper evaluation of my current licensure, relevant training and/or experience, clinical competence, health status, character, ethics, and any other criteria used by the Entity for determining initial and ongoing eligibility for participation. Each Entity and its representatives, employees, and agent(s) acknowledge that the information obtained relating to the application process will be held confidential to the extent permitted by law. I acknowledge that each Entity has its own criteria for acceptance, and I may be accepted or rejected by each, independently. I further acknowledge and understand that my connection in obtaining information and my

ATTEST DOWNLOAD PDF

If you have completed the attestation and there are no missing or expired documents on your account, you will be directed to the screen below.

Welcome, Callie.
Provider Status: Profile Data Submitted (6/1/2021)

Next: Submit your documents for approval **REVIEW & ATTEST**

Attestation Completed

You have successfully attested to your profile.

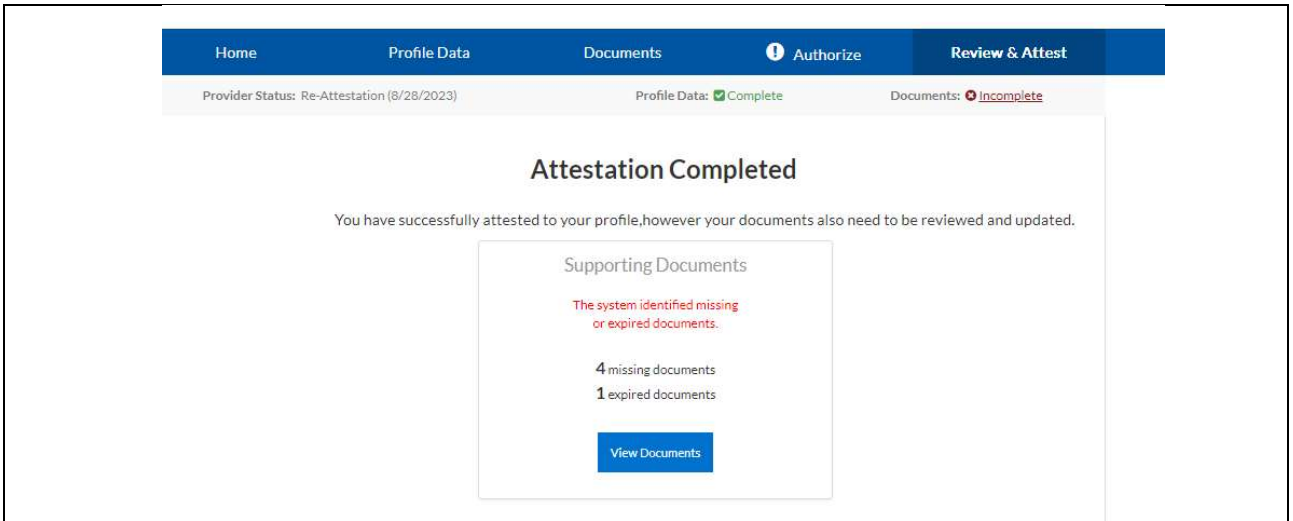

If this is your first attestation, you will need to submit all required documents before participating organizations receive your information. Otherwise, please check the Documents status indicator on the upper right corner of the page to see if you need to update any documents.

For more information about CAQH, please visit www.caqh.org.

TERMS OF SERVICE
PRIVACY

If the attestation was completed and you have yet to upload the required documents or there are expired documents that require your attention, you will be directed to the screen below.

A confirmation will be sent via email to you within approximately 48 hours after all documents have been received and approved.

8.2. Re-Attesting

Re-attestation is required every 120 days (180 days for Illinois providers) in the CAQH Provider Data Portal to ensure your data is maintained and accurate for health plan use. To complete your re-attestation, follow these steps:

If you have updates to make to your data profile, click on “Profile Data” from the top navigation bar and then the applicable section to update any necessary information in your data profile.

If you need to upload any updated supporting documentation, click on “Documents” from the top navigation bar to upload your documentation.

Once you have updated any applicable information or supporting documentation, click on “Review and Attest” from the top navigation bar to begin the re-attestation process.

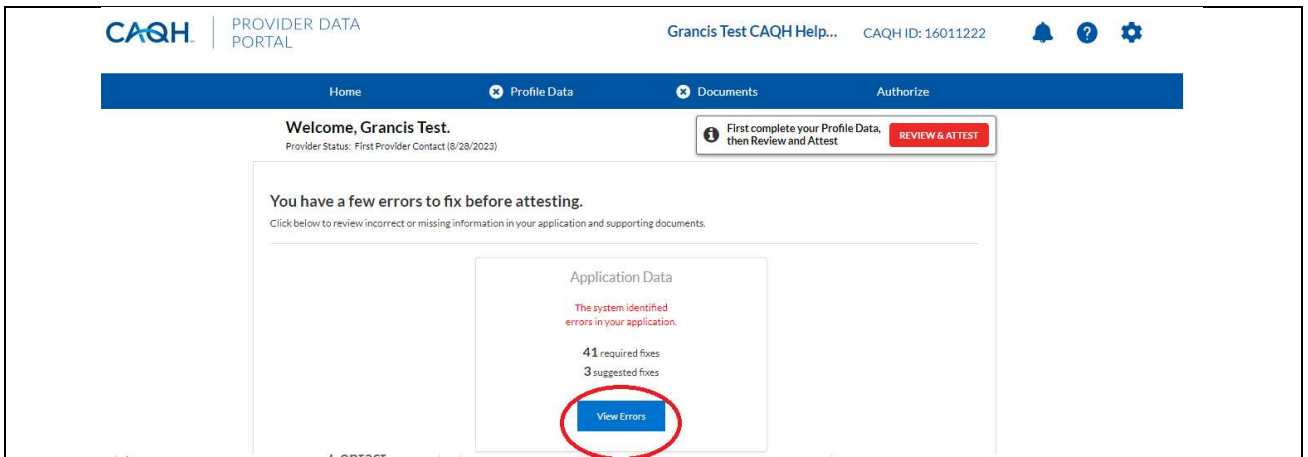

On the Review screen, you can view if any required fixes or supporting documents need attention.

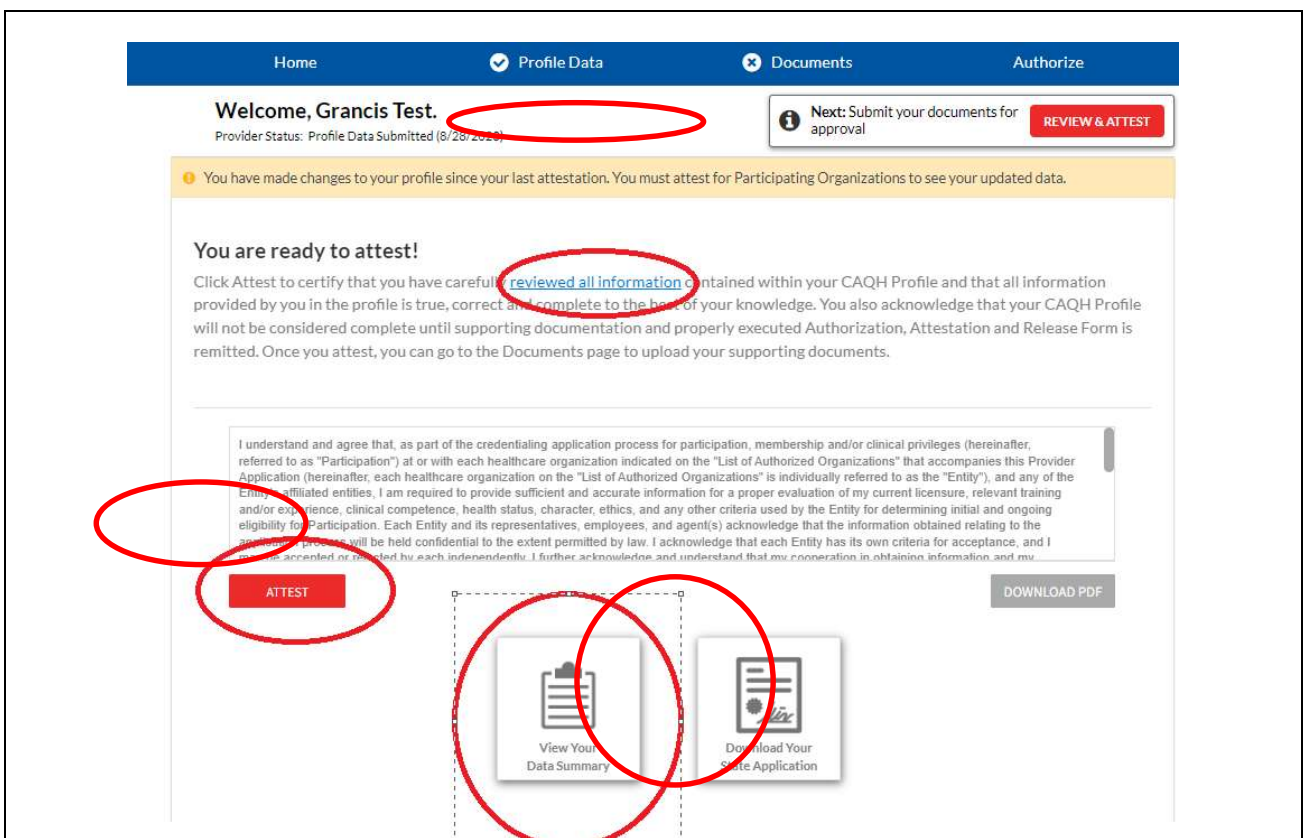

Note: If the PLI and/or State License have expired, you will be prompted to update the expiration date and other relevant details on your profile before you can attest. Once these steps are completed you will be able to attest.

Correct all the required fields by clicking View errors.

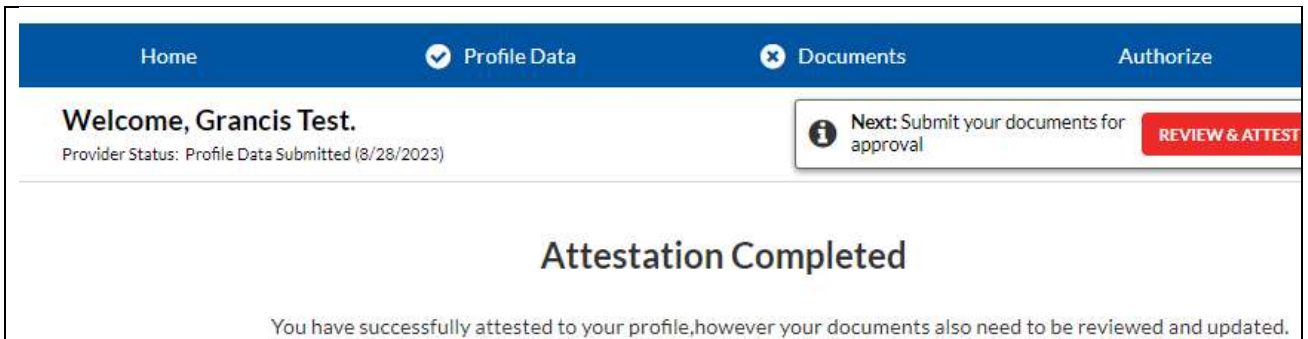

Once all the fields are filled out or corrected, the following screen will display. You are now ready to complete your re-attestation. If you wish to review your data summary, you may click the link for “reviewed all information” or Click the View Your Data Summary” found below the page. Then click Attest.

The “Attestation Completed” screen will then display.

A confirmation will be sent via email to you within approximately 48 hours after all documents have been received and approved.

8.3. Re-attestation Reminder Emails

Re-attestation is required every 120 days (180 days for Illinois providers) in the CAQH Provider Data Portal to ensure your data is maintained and accurate for health plan use. CAQH will email you to remind you when you are due for re-attestation. System automated generated emails will be sent to your primary method of contact email, and if on file the Additional Email Contacts, at the following intervals (message frequency and timing differs for Illinois providers):

- 15 days prior to expiration
- 10 days prior to expiration
- days prior to expiration

If no re-attestation has occurred, a provider will be put in “Expired” status on the day after the re-attestation was due. Providers in expired status will receive the following notices:

Day after provider is placed in expired status

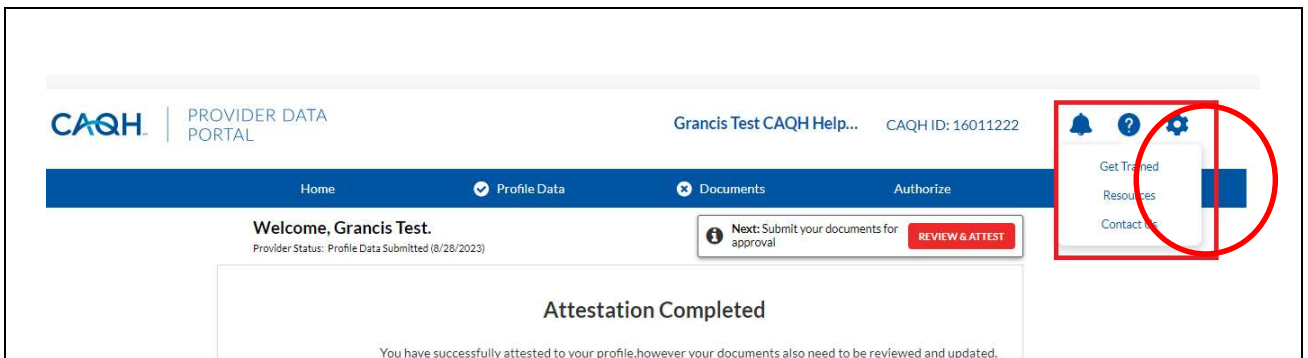

- 14 days after expired
- 28 days after expired
- 42 days after expired – final notice

Verify your primary method of contact email on the Personal Information section. It is important to keep this email accurate and current so that you receive these important messages. You also can enter two additional email addresses in this same section that will be copied on the system generated messages.

8.4. Resources and Training

This link provides more information regarding the CAQH Provider Data Portal for Providers and will have three options in the dropdown:

- Resources: Upon clicking this, it takes the users to PR Resources page.
- Get Trained: Upon clicking this, it takes the users to our free, on-demand training library.
- Contact Us: Upon clicking this, it takes the users to PR Contact CAQH page.

Appendix

Provider Status

Provider statuses are defined below and are system populated or manually changed by the CAQH Provider Data Portal Support Center based on the status of your data profile:

Status	Definition
New Provider	Provider has been entered into system but has not been sent a registration kit.
Initial Outreach	Provider has been sent outreach but has not yet registered.
Undeliverable	Unable to outreach to provider due to lack of valid information. For example, invalid email address.
Alternate Outreach	Provider has been messaged at a secondary location after attempts are made to primary office location.
First Provider Contact	Provider has called or logged into the CAQH Provider Data Portal.
Profile Data Submitted	Provider has progressed through the CAQH Provider Data Portal and “attested”. Still waiting for supporting documents. Also, may be referenced as “Application Data Submitted”.
Initial Profile Complete	Information has been attested to and supporting documents received. Also, may be referenced as “Initial Application Complete”.
Re-Attestation	After the provider has reached initial application complete, and the provider is keeping information current and “attesting”.
Expired Attestation	After attestation is greater than 120 days old.
Opt out	Provider has asked to be removed from the CAQH database.
Provider Retired	Solutions Center is contacted that provider has retired from practice.
Provider Deceased	Solutions Center is notified that provider is deceased.

Training Information

PARTICIPATING ORGANIZATIONS

Users may access our free, on-demand training center for training on CAQH solutions. To enroll in the learning center:

1. Log in to <https://proview.caqh.org/PO>.
2. Scroll to the bottom of the page and click on “Get Trained.”
3. You will be routed to the training library for participating organizations and will be able to register.

PRACTITIONERS, GROUPS, PRACTICE MANAGERS

Users may access our free, on-demand training center for training on CAQH solutions. To enroll in the learning center:

1. Log in to your portal.
 - a. Practitioners log in to <https://proview.caqh.org/PR>.
 - b. Groups log in to <https://proview.caqh.org/EPM>.
 - c. Practice Managers log in to <https://proview.caqh.org/PM>.
2. Scroll to the bottom of the page and click on “Get Trained.”
3. You will be routed to the training library for practitioners, groups, and practice managers and will be able to register.
